Good morning, John,

Evans Close Site Meeting Notes

I can confirm that I have met with the residents of Evans Close and agreed to the following pruning specs:

No 10 - Reduce back to previous pruning points on lateral branches growing towards the property. This will be a 1m lateral branch reduction. thin by 15%.

No 16 - Customer was happy with his original proposals of 6m crown lift and a 15% thin.

No 18 - Decided that they did not need any pruning work at this time, although having looked at the tree and discussed it with the customer, I can confirm that we would not have any objection to the proposed height reduced in the future.

No 15 - The customers wished to carry out a 6m crown lift (secondary branches only), incorporating a end weight reduction on the lowest limb growing over the neighbouring properties shed to the rear of their garden and a 15% thin.

Kind regards
