Trip Rates

These were provided in Appendix E of the supporting information with the Transport Statement. These appendices are provided with this response.

Cycling

Further details needed on cycle store / type.

Servicing and Refuse

Details are requested on the existing operations.

A panel van has been used in the vehicle tracking. This was included in Appendix C with the vehicle profile shown on the drawing.

Highways have asked will be the largest vehicle used – information needs to be provided.

Swept paths – hit boundary – not in the swept path included in Appendix C so I am unaware of the query.
