Expired: 8 January 2024

Site notice

No site notice has been produced

Press advert

No press advert had been published

Departure from Development Plan: No

Environmental Statement: Not required

Application relates to the ground and first floors of a mixed development comprising of a café/restaurant on the ground floor with residential maisonettes above along the Wilmslow Road frontage. The application property extends to occupy the full depth of the site and has a first floor to the rear.

The site is located on the corner of Wilmslow Road and Walmer Street within the Rusholme District Centre where the predominant uses relate to the night-time economy.

Listed building: Not applicable

Conservation area: Not applicable

Tree Preservation Order: Not applicable

Description of development

Applicant is seeking to vary condition no. 3 (hours of opening) attached to planning permission 034433 to allow the premises to open: Sunday to Thursday, 8.00 a.m. to midnight and Fridays and Saturdays, 8.00 a.m. to 00:30am

Consultations & Notification Responses

Publicity – Notification letters were sent to nearby properties on two occasions one for the original proposal and the second for the amended opening hours (see appendix 1 for the list of properties).

Local residents/public opinion – No objections, comments or representations in support of the application have been received.

Environmental Health – Initially objected to the opening hours original sought which were sought by the applicant to allow the premises to open from 8.00 am to 5.00 am seven days a week. But following the applicant seeking revised opening hours, Environmental Health withdrew their objection to the proposed changes and requested conditions relating to noise, hours for outdoor seating area and acoustically insulating external equipment.

Issues

Planning History

There have been 7 planning applications on this site and there is currently an 8th application pending consideration. Details of all applications can be found below;

138060/FO/2023 - Replacement of enlarged opening along the Walmer Street elevation to fixed glazed window, including the installation of a shutter over the opening and installation of 1.3-1.6 metre high glass balustrade to front, retention of retractable awnings, installation of 3no high level fixed windows (1no. to Walmer Street and 2no. Aspinall Street) and erection of a small coal burner to the rear with flue following removal of artificial turf to the side elevation.

Still under consideration at the time that this report was written.

138059/FO/2023 - Retention of the enlarged opening along the Walmer Street elevation, including the installation of a shutter over the opening and the application of artificial turf to the side elevation and the erection of a small coal burner to the rear with flue. – **Declined to determine**

104571/FO/2013/S1 - Elevational alterations, including creation of new external openings with roller shutters to Walmer Street elevation, and extension of opening hours to: Sundays 11am to 3am, Monday to Thursdays 10am till 3am and Friday and Saturday 10am till 4am. Application **Refused** - 22.04.2014

104572/AO/2013/S1 - Erection of one externally-illuminated , individual letter sign and one internally-illuminated individual letter signs to Walmer Street elevation. Application **Approved** - 04.03.2014

057228/AO/SOUTH1/99 - Various illuminated shop signage plus illumination of existing signage on side elevation of restaurant **Approved** - 27.09.1999

042793 - Elevational alterations to existing shop front. Application **Approved** - 22.01.1993

034433 - Change of use from retail store to restaurant and new shop front **Approved** - 10.08.1989

031375 - Illuminated fascia sign to front elevation of shop Application **Approved** - 13.05.1988

Unitary Development Plan for the City of Manchester (UDP)

The relevant UDP Policy is saved policy DC10.

Policy DC10.1 set out the considerations required for development involving the sale of food or drink for consumption on the premises, or for hot food to be consumed that in determining applications (whether or not other activities, such as a nightclub, are included), the Council will have regard to:

- a. the general location of the proposed development, including any reference to the area in other policies in the Plan;
- b. the effect on the amenity of neighbouring residents;
- c. the availability of safe and convenient arrangements for car parking and servicing;
- d. ease of access for all, including disabled people; and
- e. the storage and collection of refuse and litter.

DC10.2 advises that the Council will normally accept the principle of developments of this kind in the City Centre, industrial and commercial areas, in shopping centres and, at ground level, in local shopping parades of more than 8 shops or offices.

DC10.3 advises that development will not normally be permitted where:

- a. it is proposed outside the general locations mentioned above, or
- b. there is a house or flat on the ground floor next to the proposed business, or only separated from it by a narrow street or alleyway.

DC10.4 Where, having regard to the preceding policies, the Council considers the proposed development to be acceptable in principle, conditions may be imposed in order to protect the amenity of nearby residents. These conditions may, amongst other things, include limitations on the hours of opening, and the need to deal satisfactorily with noise, fumes, smells, the storage of refuse and the collection of litter.

DC10.5 The Council will consider on their individual merits proposals for larger, free-standing restaurants, public houses, clubs etc. which require a main road location and do not clearly meet the locational criteria set out in policy.

Core Strategy

The relevant Core Strategy Policies are SP1, DM1, C5 and C10

Policy SP1 sets down the spatial principles that will guide development in the City. The emphasis is on the creation of neighbourhoods of choice, providing high quality and diverse housing around district centres which meet local needs, all in a distinct environment. It goes on to say that development in all parts of the City should:-

Make a positive contribution to neighbourhoods of choice including (amongst others):-

- making a positive contribution to the health, safety and wellbeing of residents

Policy DM1 says;

All development should have regard to the following specific issues, (amongst others), for which more detailed guidance may be given within a supplementary planning document:

- Appropriate siting, layout, scale, form, massing, materials and detail.
- Impact on the surrounding areas in terms of the design, scale and appearance of the proposed development. Development should have regard to the character of the surrounding area.

Policy C5 relates to the Central Manchester District Centres which includes Rusholme. In respect of Rusholme the policy state that;

Additional retail development will be supported in Rusholme, but this should complement the distinct commercial character of the District Centre. Capacity for additional retail in Rusholme can be adequately provided in other centres, including Hulme and Fallowfield.

The improvement to the quality of the environment in Rusholme and Longsight is a priority to help retain and attract shoppers and visitors.

Policy C10 requires that any new development and redevelopment that supports the evening economy, contributes to the vitality of district centres and supports a balanced and socially inclusive evening/night-time economy will be permitted, subject to the following considerations:

1. Cumulative impact – in areas where there is already a concentration of bars (A4), hot food takeaways (A5) and other night-time uses which are detrimental to the character or vitality and viability of the centre, there will be a presumption against further facilities.
2. Residential amenity – the proposed use should not create an unacceptable impact on neighbouring uses in terms of noise, traffic and disturbance.
3. Balance - new uses in Manchester centres should support both the day-time and evening/night-time economies whilst not undermining the role of the primary shopping area.

National Planning Policy Framework 2021

Paragraph 2 states that planning law requires that applications for planning permission be determined in accordance with the development plan, unless material considerations indicate otherwise. The National Planning Policy Framework must be taken into account in preparing the development plan, and is a material consideration in planning decisions. Planning policies and decisions must also reflect relevant international obligations and statutory requirements.

Paragraph 7 tells us that the purpose of the planning system is to contribute to the achievement of sustainable development.

Paragraph 11 Plans and decisions should apply a presumption in favour of sustainable Development and that for decision making this means approving development proposals that accord with an up to date development plan without delay.

Principle of the Proposal – There is no objection in principle to amending the proposed hours, especially as they have been reduced to reflect those already in existence throughout the district centre. However, any potential disamenity to nearby residents must be assessed and the possibility of attached additional conditions to mitigate against any such disamenity considered.

Residential Amenity – It is recognised that the level of residential amenity expected to be enjoyed when living close to a district centre such as Rusholme, which is known for its food and drink offers, is much lower than that expected in a predominantly residential area.

Notwithstanding this, existing levels of residential amenity should be preserved as much as possible, after reviewing recent hours applications for this part of the district centre, the amended hours of:

Sunday to Thursday, 8.00 a.m. to midnight and;

Fridays and Saturdays, 8.00 a.m. to 00:30am

Would be in line with those recently approved and in real terms represent an increase of 30 mins above existing closing times, no objections were received from residents to these increased hours. Therefore, on balance it is considered that the increase in hours would not result in an increase in noise and disturbance that would be detrimental to the nearby residential amenity.

Others matters - Environmental Health have requested conditions relating to noise, outdoor seating hours, acoustic insulating the premises and any external equipment. The suggested conditions do not relate to the development proposal for example no new external equipment is being proposed; the existing use of the property is that of a restaurant and it is not for this application to seek to impose further restrictions on that use, that are not affected by the proposed development.

Other Legislative Requirements **Equality Act 2010**

Section 149 (Public Sector Equality Duty) of the Equality Act 2010 requires due regard to the need to: Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act and; Advance equality of opportunity between persons who share a protected characteristic and persons who do not share it. The Equality Duty does not impose a legal requirement to conduct an Equality Impact Assessment. Compliance with the Equality Duty involves consciously thinking about the aims of the Equality Duty as part of the process of decision-making.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

The Local Planning Authority worked positively and proactively with the applicant to discuss the proposed opening hours during the application process to ensure that the proposal comprised sustainable development and would improve the economic, social and environmental conditions of the area and would accord with the development plan. These were incorporated into the scheme and/or have been secured by planning condition. The Local Planning Authority has therefore implemented the requirement in Paragraph 38 of the NPPF.

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

3) The premises shall not be open outside the following hours:-

Sunday to Thursday, 08:00 hrs to midnight and;

Fridays and Saturdays, 08:00 hrs to 00:30 hrs

Reason - In interests of residential amenity in order to reduce noise and general disturbance in accordance with saved policy DC26 of the Unitary Development Plan for the City of Manchester and policies SP1 and DM1 of the Core Strategy.
