MANCHESTER CITY COUNCIL

Appendix E - Waste Management Strategy (v7.00 from September 2023)

Planning Application Number: 138517/FO/2023
Date Submitted: 1/12/2023
Estimated volumes / m2 required by the development

Will this property be used as a House in Multiple Occupation (HMO)?	~~Yes~~ / No (delete as appropriate)
If this property will be used as an HMO, how many people do you intend to accommodate (5+)?	N/A

Low Rise Domestic

Waste Types	Capacity required (litres)	Number of bins required (per household)	Confirm what is to be provided (and whether the developer or the resident will be responsible for ordering these)
General refuse	140 standard / 240 in certain circumstances	1 x wheeled bin (possibly more for HMO)	
Pulpable Recycling	240	1 x wheeled bin (possibly more for HMO)	
Mixed Recycling	240	1 x wheeled bin (possibly more for HMO)	
Garden Waste	240	1 x wheeled bin (possibly more for HMO)	
Food Waste	23	1 x 23 litre caddy (Possibly more for HMO)	

High Rise Apartment Developments

0.43m2 has been provided per apartment for the containers, with extra space for residents to access each container and space for staff to manoeuvre each container for collection. (different for purpose-built student accommodation – see guidance)	Yes / No (delete as appropriate) How many of each container do you plan to provide? _____ x general refuse x 1100 litre (based on 110 litres per apartment) _____ x pulpable Recycling x 1100 litre (based on 55 litres per apartment) _____ x mixed recycling x 1100 litre (based on 55 litres per apartment) _____ x food waste x 240 litres (based on 10 litres per apartment) _____ x garden waste (if applicable) x 240 litres
Is it as easy, or easier, for residents to recycle, as it is for them to dispose of general waste?	Yes / No (delete as appropriate)

Commercial Developments

Please state number of bins you propose, showing calculations where appropriate.

General Waste - 1 x 1100 litre bin is considered to be more than sufficient. General waste is minimal

Dry recycling (include material type details) - Dry waste tends to be limited to paper, leaflets / flyers / posters that are being discarded after use

Food Waste - Negligible

Industrial Waste - None

Other - None

Has / will a contract be obtained with a licenced waste carrier? Yes, arrangements to continue as existing - the addition of a classroom is not considerd to change the amount of waste generated	Yes / ~~No~~ (delete as appropriate

Mixed Use Developments

Are the stores for residential and commercial waste completely separate from each other, with residents having no access to the commercial store and the commercial units having no access to the residential store?	~~Yes / No~~ (delete as appropriate)

Internal Stores (Residential and Commercial)

Please provide details of internal stores / segregation of waste and recycling.

Internally, the property will have typical internal bins - general waste will be separate from paper.

Storage Areas for Waste Containers (Residential and Commercial)

Please provide details of container stores, attaching plans if appropriate.

See attached plan - refuse bins stored to the side of the main entrance

Ensure all bins in the store are accessible	Y
Ensure recycling facilities are as easy to access as general refuse	Y

Please confirm details of waste store ventilation and hygiene / cleaning proposals

Ventilation -	The refuse bins are stored in an area which is open and therefore does not require any other ventilation.
Hygiene -	The two bins will be cleaned by the on-site caretaker / management team as required - given the main waste generated are paper towels and other dry waste, it is envisaged this will be bi-annually.

Please provide details of who will be responsible for placing the bins at the collection point and returning them to the store / property promptly e.g., resident / management company

The refuse storage is in a conveniant, accessible location by the main entrance, from where the bins will be moved to the collection point by Birch Lane. The caretaker / management team at the Mosque are responsible for moving the bins.

Please ensure that you have attached:

Detailed plans of bin stores	☐
Location plans showing stores	Y
Location plans showing the proposed collection point and the route the collection vehicle will take (please refer to the Road, Vehicle and Waste Operative Access Specification – paying particular attention to turning space and reversing)	☐

Please ensure that you have completed this form in accordance with the latest version of GD04 Waste Storage and Collection Guidance for New Developments – v.7 September 2023, read in conjunction with the Waste and Recycling Service Standard found on the Council website.
