Delegated officer report for planning application

Application no. 138070/FH/2023
Date registered valid: 19 September 2023
Proposal: Erection of a single storey rear extension and rear dormer roof extension to form additional living accommodation
Address: 20 Boscombe Street, Manchester, M14 7PG
Ward(s): Moss Side Ward

Applicant: Miss Caroline Parakh Parakh Ltd
Agent (if any): Mr M. Amjad, Hybrid Power Ltd
Case officer: Tracie Simpson
Tel: 0161 234 4537
Email: tracie.simpson@manchester.gov.uk

Recommendation: Approve
Date of recommendation: 8th November 2023

Application details

Type of application: Full Householder Application

Development type: Householder

Date of site visit: 10 October 2023

Standard consultations:

No consultations have been printed and sent.

Neighbour notifications

Printed: 27 September 2023

Expired: 18 October 2023

Site notice

No site notice has been produced

Press advert

No press advert had been published

Departure from Development Plan: No

Environmental Statement: Not required

Description of site/building

The application site is a two bedroomed mid-terraced property, in the Moss Side ward area of Manchester. There are no front gardens to the properties, however, there is a small yard to the rear, which are serviced by an alleyway for access to store the waste bins.

Listed building: Not applicable

Conservation area: Not applicable

Tree Preservation Order: Not applicable

Description of area

The area is residential in nature

Description of development

The applicant is seeking planning permission for the erection of a single storey rear extension and rear dormer roof extension to form additional living accommodation.

Consultations & Notification Responses

Local residents - as per Appendix 1 - Occupiers of properties surrounding the application site were notified of the proposal. No comments have been received in respect of this application.

Policy and Issues

The following policies are considered relevant in the consideration of this application.

- o Unitary Development Plan (UDP) - The UDP has been superseded by the Core Strategy Development Plan.
- o Policy DC1 for Residential Extensions is still considered of relevance, in particular policy DC1.5 - The Council will consider on their merits exemptions to the above policies in the case of applications from disabled people who may require particular adaptations to their homes.
- o The Manchester Core Strategy Development Plan Document 2012-2027 ("the Core Strategy") was adopted by the City Council on 11th July 2012.
- o Policy DM 1 - Development Management
- o Policy SP1 - Spatial Principles
- o Policy EN1 - Design Principles
- o Policy EN 19 - Waste Management
- o The National Planning Policy Framework (NPPF)

Places for Everyone Plan

The Places for Everyone Plan is a Joint Development Plan Document, providing a strategic plan and policies, for nine of the 10 boroughs which make up Greater Manchester. Once the Places for Everyone Plan is adopted it will form part of Manchester's development plan.

To date, five consultations have taken place in relation to the Plan. The Examination of the Plan, following its submission in February 2022, began in November 2022. Following the completion of the Examination of the Plan, main modifications have now been proposed which will now become the subject of further public consultation.

The City Council's Executive agreed the Main Modification on 4 October 2023 and endorsed an 8 week period of public consultation on the Main Modifications commencing no earlier than 9 October 2023.

Any representations will be forwarded to the Examination team managing the Plan. The Inspectors will consider all representations on the proposed Modifications before finalising the examination report.

Given the stage the Plan has reached, and level of public consultation and scrutiny it has received, the Plan and its policies are now a material planning consideration in the determination of planning applications. The Plan and its policies must therefore be given significant weight in the planning balance.

For reasons to be outlined below, it is considered the proposal accords with the principles of this policy document.

The City Council will consider on their merits exemptions to the above policies in the case of applications from disabled people who may require particular adaptations to their homes.

Principle

The principle of allowing residents to extend their homes to provide enlarged or improved accommodation is generally acceptable provided that there is no overriding, undue impact upon either the character of the property or upon the residential and visual amenity of nearby residential occupiers.

In this instance the principle of the proposal is considered acceptable, and it is not believed that there are any factors of sufficient weight in amenity terms that would warrant refusal of the application.

On balance, the proposed extension is deemed to accord with saved policy DC1 of the UDP and policies DM1 and SP1 of the Manchester Core Strategy.

History

No previous planning applications relating to this site.

Residential Amenity

The application proposes the erection of a single storey rear extension and rear dormer roof extension to form additional living accommodation.

Rear extension

The extension would extend the length of the yard up to the rear boundary abutting the alleyway to a width of approximately 2.2m. A gap of 1.8m would be retained to the shared boundary with no. 18 Boscombe Street. The roof would be mono pitch to a height of approximately 3.5m. A door and two windows would be installed on the side elevation facing no. 18 Boscombe Street. Given the existing boundary treatment together with the existing gap retained to the shared boundary,

it is not anticipated that there would be any significant overlooking or loss of privacy by the introduction of a window and door to the side elevation.

The roof

The applicant proposes the construction of a rear flat roof dormer window which would be set in from the side walls of the property and set down from the existing ridge height. Two windows are proposed overlooking the rear area. It is not thought that windows in the location would provide any further overlooking than that of the existing rear view windows and therefore is considered to be acceptable.

The City Council considers the change to the roof design as acceptable especially given that the ridge height is no higher than the existing. This is considered to be an acceptable addition to the roof of the property and is therefore considered would not provide a detrimental outlook on the adjoining properties or the surrounding area and is considered acceptable in this location and not believed to impact upon the visual amenity of the area.

On balance, the extension and rear dormer is considered comparable in terms of size and its position to others found in the immediate area, therefore it is felt that the proposal can be acceptably accommodated at the application property.

The extension and rear dormer would not be visible from the public highway and therefore would not feature within the street scene. However, the character of the area has been retained although over time the houses in the immediate vicinity are themselves altered and extended. The appearance is acceptable and its impact upon visual amenity is considered negligible.

The proposal complies with The National Planning Policy Framework; Core Strategy policies SP1, DM1, EN1 and Saved Policies DC1 of the Unitary Development Plan.

Siting, scale and massing

The size and footprint of the proposed extension and dormer is comparable in size to many others found in the area and is not believed to provide an overbearing impact upon the residential amenities of surrounding properties. It is therefore considered that the scale and mass of the proposed extension is satisfactory and is therefore considered to accord with the principles for residential extensions set out in saved UDP policy DC1, DM1 and EN1 of the Core Strategy.

Design

The design of the proposal is in keeping with the existing and surrounding properties in the area and in terms of the materials, these are set to be brick/blocks with concrete tiles and flat roof for the dormer as specified in the application forms. The design is detailed as what is normally expected of such a structure and would not adversely impact upon residential amenity or the character of the area.

On balance it is considered that the design and appearance of the proposed development accords with Core Strategy Policies DM1 and EN1 and in general the design is considered acceptable.

Disabled access

Not applicable

Refuse

The storage of refuse bins are not affected by the proposal, as there is space retained in the rear yard for storage of the bins, which accords with policy EN19 of the Core Strategy.

Parking

Not affected by this proposal.

Conclusion

The proposal is considered to be acceptable in this location in terms of design, scale and massing, allowing the occupiers to adapt their home to meet their needs, without unduly detrimentally affecting the amenities of the occupiers of surrounding properties, and there are no material considerations of sufficient weight to indicate otherwise.

It is considered that the proposal would not give rise to any undue loss of amenity, loss of light or loss of privacy to neighbouring occupiers, therefore, the proposal is considered to accord with saved UDP policy DC1, policies SP1 and DM1 of the Core Strategy.

Other Legislative Requirements

Equality Act 2010

Section 149 (Public Sector Equality Duty) of the Equality Act 2010 requires due regard to the need to: Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act and; Advance equality of opportunity between persons who share a protected characteristic and persons who do not share it. The Equality Duty does not impose a legal requirement to conduct an Equality Impact Assessment. Compliance with the Equality Duty involves consciously thinking about the aims of the Equality Duty as part of the process of decision-making.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

Positive and proactive working - Officers have worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application. No significant problems have arisen during the consideration of this application.

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

Received on 7th November 2023 numbered 01 Existing and Proposed Block Plan

Received on 7th November 2023 numbered 02 Existing and Proposed Plans and Elevations

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to policies SP1 and DM1 of the Core Strategy

3) The materials to be used on the external surfaces of the dormer hereby permitted shall match those in type, size, colour and texture as specified in the application form and drawings.

Reason - To ensure the appearance of the building to be extended is not adversely affected by the materials to be used in the construction of the dormer, pursuant to saved policies of the Unitary Development Plan for the City of Manchester and policy DM1 of the Manchester Core Strategy.

4) The development hereby approved is on the basis that the house is to be used as a Class C3 single residential dwellinghouse only.

Reason - To protect the amenity and living conditions of the adjacent and surrounding residential properties from increased activity not connected with that of a single residential family home in accordance with policies SP1 and DM1 of the Core Strategy.
