

Parkmount road, Moston

LANDSCAPE WORKBOOK

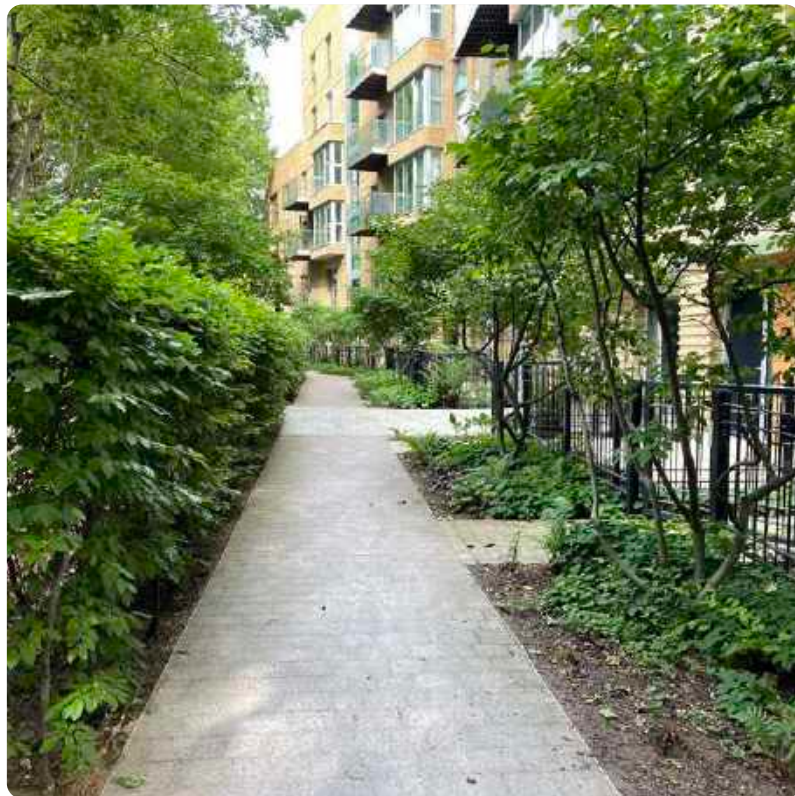

15.06.2023

EXTERIOR
ARCHITECTURE

1 Landscape Vision & Approach

Landscape Vision

Three key pillars

Define Space

- > Define private and communal areas
- > Vary boundary treatment reflect its character of space, e.g., Dense hedgerow provide high privacy and reduce noise from roads and neighbours.

Connectivity

- > Provide a communal space to gather and stay
- > Enhance the community bond, social connection between local resident and its neighbourhood area
- > Encourage social connection, and community activities.

Biodiversity

- > Use a wide range of planting typology and species to increase biodiversity
- > Provide habitat for insects and birds to dwell

1 Landscape Vision & Approach

Spatial programming

Spatial programming diagram

Character area overview

Public space

- > Open to the resident and neighbour hood area to enhance the connectivity

Communal space

- > Open to the local resident and encourage social connection

Green buffer

- > Provide extra distance between the road and houses

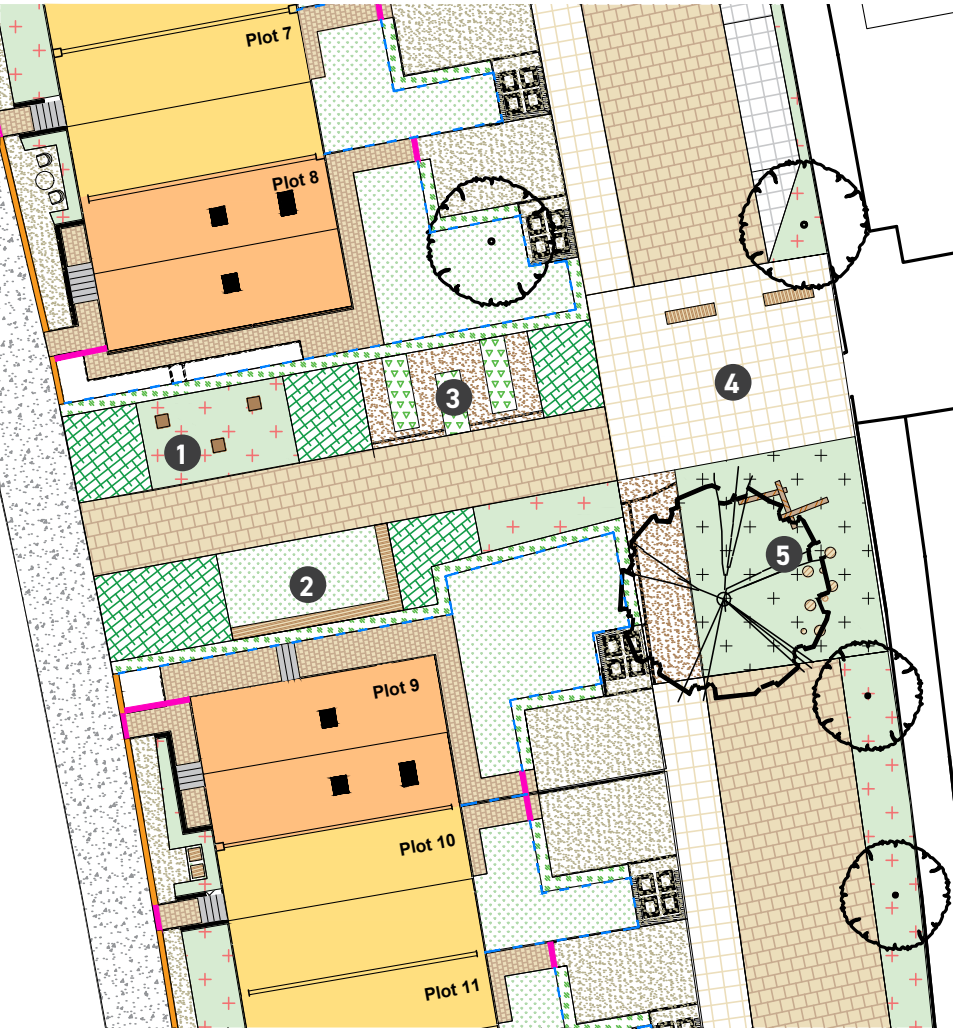

Private garden

- > Various boundary treatment to provide more green and high privacy space
