Departure from Development Plan: No

Environmental Statement: Not required

Description of site/building

Listed building: Not applicable

Conservation area: Not applicable

Tree Preservation Order: Not applicable

Description of site / building / area

The application relates to a modern two storey, red brick facing, pitched roof, semi-detached dwellinghouse within a residential setting. The application site is surrounded by amenity space along the front, side, and rear elevations, including boundary treatment, incorporating a gated side access. There is an existing single storey lean-to, timber frame, rear extension approximately (3920mm deep), and 2no. outbuildings along the common shared boundary with no.8 Upton Street. The existing rear garden to facilitate the proposed development is relatively large, measuring approximately (8989mm wide x 16434mm deep). Off street car parking is along the gable elevation along a fully hard surfaced driveway, and refuse bins are stored within curtilage along the rear garden, screened behind the timber frame boundary treatment.

Description of development

The submitted plan relates to the proposed erection of a single storey rear extension to form additional living accommodation, following demolition of existing rear extension.

The proposed extension would serve as an extended living room (annotated as "FAMILY ROOM" on the submitted plan). The initially submitted plan has been slightly revised in the interest of residential amenity and revised plans subsequently submitted, (dated 04/10/23). The initially proposed side facing window has been omitted from the plan.

In terms of the revised proposal, following demolition of the existing timber frame rear extension, the new extension would project from the rear building line of the original dwellinghouse, whilst retaining a gap of approximately 227mm from the common shared boundary with no.12 Upton Street. It would measure approximately (4000mm deep x 5200mm wide x 2657mm maximum height). The proposed extension would incorporate a shallow lean-to pitch roof configuration, with 2no. windows along the roof elevation, Bi-fold doors along the rear elevation, including 1no. door along the side elevation. It is intended to use matching materials.

Consultations & Notification Responses

1. Local residents

Occupiers of properties surrounding the application site were notified of the proposal. No comments, objections or representations were received.

POLICY

The following guidance and policies are considered to be relevant to the proposed development.

1. The National Planning Policy Framework (NPPF), (July 2021):

- Chapter 8: Promoting healthy and safe communities.
- Chapter 12: Achieving well-designed places.

2. The Manchester Core Strategy Development Plan Document 2012-2027 ("the Core Strategy") was adopted by the City Council on 11th July 2012:

- Policy DM1 (Development Management)
- Policy SP1 (Spatial Principles)
- Policy EN1 (Design Principles and Strategic Character Areas)
- Policy EN19 (Waste)
- Policy T2 (Accessible areas of opportunity and need)

3. Unitary Development Plan (UDP), (1995) - The UDP has been superseded by the Core Strategy Development Plan.

- Saved Policy DC1 for Residential Extensions is still considered of relevance.

4. Guide to Development in Manchester Supplementary Planning Document and Planning Guidance, Adopted April 2007:

- Chapter 2: Design

ISSUES

In this instance, initially submitted plan has been slightly revised in the interest of residential amenity and revised plans subsequently submitted, (dated 04/10/23)

Principle

The principle of the proposal to create additional living accommodation is considered acceptable. Notwithstanding this, consideration must be given to proposal's impact upon existing levels of residential and visual amenity.

Residential and visual amenity

Impact of works (single storey rear extension) - In light of the pre-existing context along the boundaries and the existing built form in situ, given the revised plan, (dated 04/10/23) and due the resultant context of the proposal along the boundaries, it is considered that as the rear garden is relatively large there is a sense of separation from the boundaries. Furthermore, notwithstanding the fact that the overall proposed rearward projection at 4000mm, would be approximately (350mm) in excess of the guidance set out in saved policy DC1.3(a) regarding rearward extensions, it is in line with the limitations for a larger homes' extension application. Moreover, the proposed design of the roof would mitigate any undue massing along the side boundaries; and therefore, it is considered that there would not be a significant adverse impact from the proposed development as there are no undue overbearing, overshadowing, or loss of privacy impacts. Therefore, on balance, and subject to planning conditions, it is considered that the proposal could be accommodated in this location in this instance.

Impact of works (Design and appearance) - In design terms, it is not considered that the proposal would unduly harm the character of the building or the general area. The proposed extension would be informed by the existing dwellinghouse. It is also intended to match materials with that of the existing dwellinghouse. However, a materials condition has been attached to ensure that the materials are adhered to.

Impact of works (Car parking) - The existing arrangement would be unaffected.

Impact of works (Waste management) - The existing arrangement would be unaffected. The existing gated side access would be maintained. Bins can still be stored within curtilage, screened from the frontage, and brought to the back of pavement on collection days.

Conclusion - For the reasons outlined above, and subject to planning conditions, it is considered that the proposed development responds positively to The National Planning Policy Framework (2021) chapters 8 and 12; policies SP1, DM1, EN1, EN19, T2 of The Manchester Core Strategy Development Plan Document (2012); saved policy DC1 of the Unitary Development Plan (1995); and chapter 2 of the Guide to Development in Manchester Supplementary Planning Document and Planning Guidance (2007) and no comments or objections have been received in response to this application.

Other Legislative Requirements

Equality Act 2010

Section 149 (Public Sector Equality Duty) of the Equality Act 2010 requires due regard to the need to: Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act and; Advance equality of opportunity between persons who share a protected characteristic and persons who do not share it. The Equality Duty does not impose a legal requirement to conduct an Equality Impact Assessment. Compliance with the Equality Duty involves consciously thinking about the aims of the Equality Duty as part of the process of decision-making.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

In assessing the merits of a planning application officers will seek to work with the applicant in a positive and proactive manner to seek solutions to problems arising in relation to dealing with the planning application. In this instance, the initially submitted plan has been slightly revised in the interest of residential amenity and revised plans subsequently submitted, (dated 04/10/23). The local planning authority had no other issues to raise with the agent but have attached appropriate conditions to the approval.

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

- Householder Application for Planning Permission for works or extension to a dwelling form, received by the City Council as the Local Planning Authority on 04 August 2023.
- Location Plan with application site edged in red, received by the city council as the local planning authority on 04 August 2023.

- Supporting Information, received by the city council as the local planning authority on 04 August 2023.
- Design & Access Statement, received by the city council as the local planning authority on 04 August 2023.
- Existing Floor Plan and Elevations, Drawing No. SC / 23 / 97 - 101 received by the city council as the local planning authority on 04 October 2023.
- Proposed Floor Plan and Elevations, Drawing No. SC / 23 / 97 - 101, Rev A, received by the city council as the local planning authority on 04 October 2023.
- Down takings Plan and Elevations, Drawing No. SC / 23 / 97 - 301, Rev A, received by the city council as the local planning authority on 04 October 2023.

Reason - To ensure that the development is carried out in accordance with the approved plans; pursuant to saved policy DC1 of the Unitary Development Plan for the City of Manchester (1995) and policies DM1 and SP1 of Manchester's Local Development Framework: The Manchester Core Strategy (July 2012).

3) The external facing materials to be used on the extension hereby permitted shall match those of the primary dwellinghouse in terms of type, colour, texture, scale, pointing and coursing and as stated on the application form and approved drawings.

Reason - To ensure that the appearance of the building to be extended is not adversely affected by the materials to be used in the construction of the extension, pursuant to saved policy DC1 of the Unitary Development Plan for the City of Manchester (1995) and policy DM1 of Manchester's Local Development Framework: The Manchester Core Strategy (July 2012).

4) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that Order with or without modification) no windows or doors shall be inserted into the elevations of the extension hereby approved other than those shown on: Proposed Floor Plan and Elevations, Drawing No. SC / 23 / 97 - 101, Rev A, received by the city council as the local planning authority on 04 October 2023.

Reason - In the interests of residential amenity pursuant to saved policy DC1 of the Unitary Development Plan for the City of Manchester (1995), and policy DM1 of the Core Strategy for the City of Manchester (2012).

5) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) (or any order revoking and re-enacting that Order with or without modification) no part of the development shall be used for any purpose other than the purpose(s) of Class C3(a) of the Schedule to the Town and Country Planning (Use Classes) Order 1987 (as amended) (or in any provision equivalent to that Class in any statutory instrument revoking and re-enacting that Order with or without modification).

Reason - In the exceptional circumstances of a proliferation of HMO's restricting housing choice and adversely affecting sustainability and in the interests of residential amenity, to safeguard the character of the area and to maintain the sustainability of the local community through provision of accommodation that is suitable for people living as families pursuant to policy 7.4 of the Guide to Development in Manchester: Supplementary Planning Document and Planning Guidance, the National Planning Policy Framework and policies SP1 and DM1 of the Manchester Core Strategy.
