John,

46 Whitelaw Road Manchester M21 9HR - 137743/TCA/2023

The applicant has proposed to carry out the following works:

T1 - Small cherry tree overhanging the driveway at the front of the property. Overall crown reduction of 30% to maintain as a small tree within a cramped area.

The tree is low over the driveway and is in need of pruning.

T2 - Eucalyptus tree in the rear garden behind the shed. Total removal of the tree including the grinding of the stump in order to allow for replanting of a more appropriate tree. The eucalyptus has a very bad form and is in poor condition.

I can confirm that the Eucalyptus offers limited visual amenity value from any public space and therefore we would have no objection to the proposals for this site.

Kind regards

Rudi Farghaly
