Date: 4 October 2023

Dear Sir/Madam,

Application No: 136889/TCA/2023

Intent to carry out works to trees at 38 College Road, Manchester, M16 8FH

Further to your request to carry out works to trees located at the above address, the City Council's arboricultural staff visited the site and inspected the trees. With reference to their advice, consent is hereby **granted** for the following work:

The City Council have no objections to proposed lateral branch reduction as indicated on the submitted details and image. The City Arborist has advised that the crown is currently top heavy and to create a more manageable rounded crown a complete crown reduction and shaping of the crown should be carried out by a qualified arborist.

All tree work should be carried out by a competent contractor in accordance with British Standard BS 3998 "Recommendations for Tree Work".

Reason - In order avoid damage to trees/shrubs adjacent to and within the site which are of important amenity value to the area and in order to protect the character of the area, in accordance with policies EN9 and EN15 of the Core Strategy.

In accordance with The Town and Country Planning (Tree Preservation) (England) Regulations 2012 (as amended), this consent is granted for a period of two years from the date of this letter.

Should you wish to discuss this matter any further please contact John Kelsey.

Yours faithfully,

Julie Roscoe
Director of Planning, Building Control & Licensing
