

DIDSBURY IN BLOOM
Didsbury in Bloom is a community-led initiative that aims to improve the appearance of the village by encouraging residents to take pride in their gardens and streets. The scheme was launched in 2005 and has since become a well-established part of the local community. It provides a platform for residents to share ideas, resources and expertise, and to work together to make a difference to the village. The scheme is open to all residents, regardless of whether they own their own home or not. For more information, please visit the Didsbury in Bloom website.
