

Bin provision is calculated by Manchester City Council as follows in the bin store for the flats:

- 2 x 1100L General Waste Bin (BLACK)
- 1 x 1100L Pulpable Recycling Bins (BLUE)
- 1 x 1100L Mixed Recycling Bins (BROWN)
- 1 x 240L Food Recycling Bins (GREEN)
- 15 x 23L Food Waste Caddy (GREEN)

Bin provision is calculated by Manchester City Council as follows for each house:

- 1 x 140L General Waste Bin (BLACK)
- 1 x 240L Pulpable Recycling Bins (BLUE)
- 1 x 240L Mixed Recycling Bins (BROWN)
- 1 x 240L Food Recycling Bins (GREEN)
- 1 x 23L Food Waste Caddy (GREEN)

Distances to bin stores follow BS5906:2005 and Approved Document Part H6 1.8 - Storage areas for waste containers should be sited so that the distance for the householders are required to carry refuse does not usually exceed 30m (excluding any vertical distance). Containers should be within 25m of the waste collection point specified by the waste collection authority.

The bin store is located adjacent to each end of the building to comply with Building Regulations Part H and BS5906:2005. The bin store has been designed with smooth continuous surfaces for easy horizontal movement. Each apartment will have space to segregate waste, residents will take their sorted household waste and recycling to the bin store.

The building management team will arrange for bins from the bin store to the flats to be relocated to a temporary position on bin collection day for easy collection by the local council. The bins will then be relocated back to the bin store for residents to use.

Residents within the houses will be responsible for relocating the bins to a temporary position on bin collection day (kerbside) for easy collection by the local council. The residents will be responsible for relocating bins back once collection has been completed.
