You don't often get email from jujdredd@hotmail.co.uk. [Learn why this is important](#)

I have received a letter informing me of the planning of the conversion of 69 Crumpsall Lane, Manchester, M85SR, from a residential care home to apartments. I live in the cul-de-sac next to said property. I strongly disagree with this conversion. My road is a quiet, peaceful place, that has families with young children, and some elderly residents. I would not want the residents from this apartment block to disrupt where I live. I do not want people coming and standing around smoking or having rowdy parties, or engaging in illegal activities. I have seen many apartment blocks, with council let people/unemployed, that stand around doing drugs or drinking and becoming aggressive and rowdy. Also I already have trouble backing out of my driveway, as people visiting the care home, often park opposite my drive making it difficult to back in/drive in or out. The cul-de-sac is very narrow and there is no more accommodation for more parking residents. The letter also states of elevation to the property, at present the care home already blocks sunlight coming into my home, I strongly disagree to any elevation, also it would be an invasion of my privacy as there are currently elderly people living in the care home and there are many windows that are facing my house, I do not wish strangers or perverts looking into the windows of my property. I have spoken to many residents on the street and they also strongly object. I will endeavour to stop this atrocity.

Mr Singh of 1 Ansleigh Ave.
