APPENDICES

APPENDIX A Local Bus Timetables

1. Introduction

1.1 Preamble

- 1.1.1 Mode Transport Planning ('Mode') has been appointed by FSC MCR Ltd (the 'Applicant') to provide transport planning and highways advice in relation to an application for full planning permission for the temporary change of use of the site and existing buildings to an arts and cultural venue/event space (Sui Generis), with associated food and drink space (Flexible Use Class E / Sui Generis).
- 1.1.2 The site will be a new multi-space events and hospitality venue including the following elements:
- The Garden – this area of the site will extend to 645 sqm and will comprise a green beer garden, owing to the inclusion of moveable planters. The Garden will accommodate up to c.150no. people.
 - The Club – this area of the site will comprise an existing building (289 sqm) and 95 sqm of external space, which will function as a main performance space. The Club will accommodate, for example, comedy, big screen sports events and markets. The area will have capacity for c.300no. standing / c.250no. seated; and
 - The Shed – this area of the site will comprise an existing building (224 sqm) and 108 sqm of external space. The Shed will be a casual food and drink venue, comprising a seating area with a capacity of c.80no. people.
- 1.1.3 The Applicant is seeking temporary planning permission for a period of two years only.
- 1.1.4 This Interim Travel Plan (ITP) has been prepared as part of the planning application documentation and should be read in conjunction with the Transport Statement (TS).
- 1.1.5 The overall aim of this ITP is to encourage staff and visitors to travel by sustainable modes to and from the site and reduce Single Occupancy Vehicle (SOV) trips.

1.2 Overview of the Travel Planning Process

- 1.2.1 A TP is a long-term management strategy for integrating proposals for sustainable travel into the planning process. The TP provides a strategy for managing travel demand and involves a dynamic process of implementation, monitoring and review to ensure that it is sustainable over the long-term.
- 1.2.2 The underlying aim of any TP is to minimise the number of single occupancy private car trips generated by a development, by encouraging a shift to more sustainable modes of transport, as a result mitigating the impact of travel. A successful TP can be established by the Travel Plan Pyramid shown in [Figure 1.1](#).

Figure 1.1 : Travel Plan Pyramid (source: Department for Transport)

1.2.3 This ITP forms the starting point by providing the following:

- Details of the provision for cyclists, pedestrians, and public transport users;
- An example toolkit of sustainable travel measures;
- Potential milestone targets that could be developed for on-going implementation; and
- A strategy for ongoing monitoring and review would be developed and this would include the appointment of a designated Travel Plan Co-ordinator (TPC) who would take on specific responsibility for progressing and reviewing the uptake of measures.

1.2.4 The key objectives of the ITP will be taken forward by a TPC who will seek to:

- Reduce the need to travel by car to and from the site;
- Promote the health and cost benefits of cycling, walking and using public transport;
- Promote the cost benefits of car sharing;

- Provide clear information to employees and visitors on sustainable modes of travel to and from the site; and
- Provide information to employees and visitors on the alternative sustainable modes of travel.

1.3 Report Structure

1.3.1 Following this introduction, the remainder of this ITP is set out as follows:

- Chapter 2 reviews the existing conditions of the site;
- Chapter 3 outlines the development proposals;
- Chapter 4 describes the sustainable accessibility of the site;
- Chapter 5 sets out the sustainable travel connections for the site;
- Chapter 6 identifies the Travel Plan targets;
- Chapter 7 describes the travel management plan of the ITP;
- Chapter 8 identifies the TPs measures;
- Chapter 9 explains the monitoring and review process; and
- Chapter 10 presents a timetable and action plan.

2. Existing Conditions

2.1 Site Location

- 2.1.1 The site is located on Irk Street on the edge of Manchester City Centre, c.500m northeast of Manchester Victoria Station and c.700m southeast of Strangeways.
- 2.1.2 The strategic site location is shown in [Figure 2.1](#).

Figure 2.1 : Strategic Site Location

2.2 Local Highway Network

- 2.2.1 The site is bound to the north by Gould Street, to the west by Irk Street and to the south / east by Angel Meadow Park. The site in the context of the local highway network is shown in [Figure 2.2](#).

Figure 2.2 : Local Highway Network

2.2.2 There are 2no. existing stepped pedestrian accesses to the site. The pedestrian access from Angel Meadow Park is shown in Photograph 2.1 and the pedestrian access from Gould Street is shown in Photograph 2.2.

Photograph 2.1 : Pedestrian Access from Angel Meadows Park

Photograph 2.2 : Pedestrian Access from Gould Street

Irk Street

2.2.3 The existing conditions along Irk Street adjacent to the site are detailed in [Table 2.1](#). Irk Street is also shown in [Photograph 2.3](#) and [Photograph 2.4](#).

Table 2.1 : Irk Street – Existing Conditions

Road Classification	Unclassified	Footway Width	c.2.0m (both sides)
Road Type	Two-way single carriageway (cobbled)	Pedestrian Facilities	Dropped kerbs at junctions
Speed Limit	20 mph	Cycle Facilities	No
Carriageway Width	c.4.5m	Public Transport Provision	No
Adoption Status	Adopted	Streetlighting	No

Photograph 2.3 : Irk Street - Northbound

Photograph 2.4 : Irk Street from Gould Street

Dantzig Street

- 2.2.4 Irk Street is accessed via Dantzig Street. The existing conditions along Dantzig Street adjacent to the site are detailed in [Table 2.2](#). Dantzig Street is also shown in [Photograph 2.5](#) to [Photograph 2.7](#).

Table 2.2 : Dantzic Street – Existing Conditions

Road Classification	Unclassified	Footway Width	c.2.0 - 3.0m
Road Type	Two-way single carriageway	Pedestrian Facilities	Zebra crossing adjacent to junction with Irk Street
Speed Limit	20 / 30 mph	Cycle Facilities	No
Carriageway Width	c.7.5m	Public Transport Provision	No
Adoption Status	Adopted	Streetlighting	Yes

Photograph 2.5 : Dantzic Street - Southbound

2.2.5 As shown in [Photograph 2.5](#), directly adjacent to Irk Street, Dantzic Street has a speed limit of 20 mph. A speed limit change, from 30 mph, occurs to the north of the zebra crossing.

Photograph 2.6 : Dantzic Street - Northbound

2.2.6 As shown in Photograph 2.6, there is currently ongoing construction work to the east on Dantzic Street.

Photograph 2.7 : Dantzic Street – Zebra Crossing

2.3 Modal Split

2.3.1 To provide an accurate representation of the forecast modal split anticipated at the proposed development, the journey to work data from the 2011 Census has been reviewed for the population living in the site area.

2.3.2 The modal split for people living in the 'Manchester 054' Middle Super Output Area (MSOA) has been examined and is summarised in Table 2.3.

Table 2.3 : 2011 Census Travel to Work Data – Modal Split (MSOA : Manchester 054)

Mode of Travel	Modal Share
Driving a car or van	20%
Bus, minibus or coach	14%
On foot	47%
Passenger in a car or van	2%
Train	8%
Tram	5%
Bicycle	3%
Taxi	1%
Motorcycle, scooter or moped	0%

2.3.3 As shown in Table 2.3, the modal split data for 'Manchester 054' MSOA shows that 23% of people travel to work by car, of which 20% drive, 2% are passengers and 1% use taxis. Additionally, 77% of people use sustainable methods to travel to work, including 14% of people who travel by bus, 47% on foot, 8% by train, 5% by tram and 3% by cycle.

3. Development Proposals

3.1 Proposed Use

3.1.1 The proposed development will see the temporary change of use of the site and existing buildings to an arts and cultural venue/event space (Sui Generis), with associated food and drink space (Flexible Use Class E / Sui Generis).

3.1.2 The proposed development will have the following elements:

- The Shed – casual food and drink venue, comprising a dining area, open kitchen space and small outside area;
- The Club – main performance space at the venue which will accommodate various events including comedy, big screen sports, kids clubs and markets; and
- The Garden – external green beer garden.

3.1.3 The different areas proposed at the development site are indicated in [Figure 3.1](#).

Figure 3.1 : Proposed Site Plan (source : FSC MCR Ltd)

3.1.4 'The Shed' will include 224 sqm of internal space and 108 sqm of external space. 'The Club' will include 289 sqm of internal events space and 95 sqm of external space, and 'The Garden' includes an external area of 645 sqm.

3.1.5 The proposed site layout is shown in Figure 3.2.

Figure 3.2 : Proposed Site Plan (source : GIA Chartered Surveyors)

3.1.6 'The Shed' and 'The Garden' will have a target capacity for c.80 people and c.150 people respectively. 'The Club' is expected to have capacity for c.300no. standing / c.250no. seated.

3.2 Site Access Arrangement

- 3.2.1 Access and egress for all deliveries will be via the main entrance on Irk Street, which will remain as existing.
- 3.2.2 Access and egress for all public events at the venue will be signposted and encouraged via the main entrance on Irk Street.
- 3.2.3 Vehicular access to the development site will not be permitted, other than for deliveries (LGVs) which will take place when visitors are not present. No car parking is proposed at the development site.

- 3.2.4 It is expected that taxi drop-off and pick-up will take place on Dantzic Street, where there is sufficient space for drop-off/ pick-up to take place on one side of the carriageway without obstructing two-way traffic movement. Taxi drop-off and pick-up may also take place from Gould Street (by the stepped access), and again without obstructing two-way traffic movement.
- 3.2.5 The stepped pedestrian access from Angel Meadow (described in [Chapter 2](#)) will be maintained, with access controlled with a secure gate where necessary to protect licensing objectives and the impact on the park area.

4. Sustainable Accessibility

4.1 Introduction

- 4.1.1 Current Government policy and guidance places significant emphasis on the promotion of sustainable transport modes for all new developments. This forms part of a long-term strategy to reduce the reliance on private car trips.
- 4.1.2 The National Planning Policy Framework (NPPF) sets out the Government's planning policies for England and outlines the important role that transport policies have to play in facilitating sustainable development.
- 4.1.3 Paragraph 105 states that *"significant development should be focused on locations which are or can be made sustainable, through limiting the need to travel and offering a genuine choice of transport modes. This can help to reduce congestion and emissions and improve air quality and public health. However, opportunities to maximise sustainable transport solutions will vary between urban and rural areas, and this should be taken into account in both plan-making and decision-making"*.
- 4.1.4 This chapter considers accessibility via sustainable modes of transport to the proposed development site, including access by public transport, cycle and on foot.

4.2 Pedestrian Accessibility

- 4.2.1 Guideline walking distances provided in the Chartered Institution of Highways and Transportation (CIHT) document '*Guidelines for Providing for Journeys on Foot (2000)*', are shown in [Table 4.1](#).

Table 4.1 : CIHT Guideline Acceptable Walking Distances

Criteria	Town Centre	Commuting	Elsewhere
Desirable	200m	500m	400m
Acceptable	400m	1,000m	800m
Preferred Maximum	800m	2,000m	1,200m

- 4.2.2 Appropriate walking distances are dependent upon the location of the specific development; more remote locations will see people being prepared to walk further to their end destination. Similarly, appropriate walking distances are also dependent upon the standard of existing pedestrian infrastructure provision, with further walking distances achievable in locations with extensive and high-quality pedestrian footways, crossings and pedestrianised areas.
- 4.2.3 [Figure 4.1](#) presents the local amenities accessible within 500m, 1000m and 2000m walking catchments from the site, as specified in CIHT guidance for commuting purposes.

Figure 4.1 : Walking Catchment Area and Local Amenities

4.2.4 Table 4.2 provides an indication of the distances / approximate walking times to local transport links and key areas. The distances have been measured from the access to the site; the times are based on an average walking speed of 1.4 metres per second and do not allow for waiting time to cross junctions.

Table 4.2 : Transport Links and Key Areas – Distances and Walking Times

Amenity	Distance	Average Walking Time
Northbound Bus Stop on Rochdale Road	320m	4 minutes
Southbound Bus Stop on Rochdale Road	420m	5 minutes
Manchester Victoria Railway Station	650m	8 minutes
Manchester Victoria Metrolink Stop	650m	8 minutes
Manchester Arndale Shopping Centre	900m	11 minutes

4.2.5 As summarised in Table 4.2, bus stops on Rochdale Road are located with a 5-minute walk from the development site, and Manchester Victoria Railway Station and Metrolink Stop are located with an 8-minute walk from the development site.

4.2.6 The site is also within c.900m (11-minute walk) of the main shopping area in Manchester City Centre surrounding the Manchester Arndale Shopping Centre, Market Street and Exchange Square.

4.3 Cycle Accessibility

4.3.1 As with pedestrian accessibility, the level of a site's cycle accessibility depends upon a combination of the distance from local amenities and the standard of existing cycle infrastructure. It should, however, be noted that cycle infrastructure can include facilities shared with vehicles and pedestrians as well as dedicated cycle infrastructure.

4.3.2 In respect of acceptable cycle distances, 'Local Transport Note 1/20: Cycle Infrastructure Design', published by DfT, states that *"two out of every three personal trips are less than five miles in length - which is an achievable distance to cycle for most people"*. Figure 4.2 presents the cycling catchment area around the proposed development site for 2km and 5km.

Figure 4.2 : Cycle Catchment Area

4.3.3 In addition to national and regional cycle routes, there are also local cycle routes accessible within close proximity to the site, as shown in Figure 4.3.

Figure 4.3 : Local Cycle Map (source : TfGM)

4.3.4 As shown in Figure 4.3, in the vicinity of the development site, Dantzic Street has an on-road route and Rochdale Road includes on-road cycle routes. In addition, many roads in the local area and Manchester City Centre are subject to a 20 mph speed limits and therefore conducive for cycling.

4.4 Public Transport

Local Bus Services

- 4.4.1 As shown in Figure 4.1, the closest bus stops are located on Rochdale Road within a 5-minute walk from the development site.
- 4.4.2 Table 4.3 provides a summary of routes and times of local bus services accessible from Rochdale Road, with the full timetables attached in Appendix A.

Table 4.3 : Local Bus Services – Rochdale Road

Service No.	Route	Approx. Two-Way Frequency (buses / hour)				
		AM	Off-Peak	PM	Sat	Sun
17 / 17A	Manchester City Centre - Rochdale	6	6	6	4	2
18	Langley – Manchester City Centre – Manchester Royal Infirmary	6	6	4	4	2
56	Middleton – Manchester City Centre	2	2	2	2	No Service
81	Oldham – Manchester City Centre	2	2	2	1	1
112	Middleton – Manchester City Centre	6	4	4	3	2
117	Greengate – Manchester City Centre	2	2	2	2	1
118 / 119	North Manchester General Hospital – Manchester City Centre	6	6	6	4	2
156	Middleton – Manchester City Centre	2	2	2	2	2
163	Bury – Manchester City Centre	4	4	4	4	4

4.4.3 As shown in Table 4.3, there are multiple frequent local bus services available from Rochdale Road, providing access between Manchester City Centre and key residential areas including Oldham, Rochdale, Middleton and Bury. Services are available up to every 10 minutes.

Metrolink Services

4.4.4 The closest tram stop to the site is Victoria at Manchester Victoria Station c.650m (8-minute walk) to the southwest of the development site.

4.4.5 Figure 4.5 shows a map of the TfGM Metrolink network.

Figure 4.5 : Metrolink Network Map (source: TfGM)

4.4.6 As shown in Figure 4.5, Victoria is a stop on the following lines:

- Navy line : Victoria - Manchester Airport;
- Green line : Bury – Altrincham;
- Yellow line : Bury – Piccadilly;
- Grey line : Shaw and Crompton - East Didsbury; and
- Pink line : Rochdale Town Centre - East Didsbury.

4.4.7 As shown in Figure 4.5, Victoria Metrolink stop provides services to Bury, Altrincham, Piccadilly, Shaw, East Didsbury and Rochdale, as well as all stops along these routes. All services run approximately every 12 minutes.

Rail Services

4.4.8 The closest rail station to the site is Victoria Station c.650m (8-minute walk) to the southwest of the development site.

4.4.9 Table 4.4 summarises the direct rail services available from Victoria Station.

Table 4.4 : Direct Rail Services – Victoria Station

Destination	Approx. Frequency	Approx. Journey Time
Salford	1 service / hour	15 minutes
Liverpool Lime Street	2 services / hour	33 minutes
Wigan Wallgate	1 service / hour	45 minutes
Leeds	2 services / hour	1 hour 20 minutes
Newcastle via Leeds	1 service / hour	2 hours 11 minutes
Blackburn via Rochdale	2 services / hour	1 hour
Chester	1 service / hour	55 minutes
Rochdale	2 services / hour	20 minutes
Southport via Bolton	1 service / hour	1 hour 15 minutes
Saltburn via Leeds and York	1 service / hour	2 hours 45 minutes
Rainford	1 service / hour	1 hour
Hull via Leeds	1 service / hour	2 hours
Clitheroe via Blackburn	1 service / hour	1 hour 20 minutes
Newcastle via Leeds and York	1 service / hour	2 hours 10 minutes

4.4.10 Table 4.4 shows that there are multiple frequent services from Manchester Victoria to destinations across the north of England, including Leeds, Newcastle, York, Hull and Wigan. All of these services also access local stations along these routes.

5. Overarching Aim, Objectives and Benefits

5.1 Overarching Aim

- 5.1.1 The overarching aim of this ITP is to put in the place the management tools deemed necessary to enable future employees and visitors to make informed decisions about how they travel to and from the site, which at the same time minimises the adverse impacts of travel on the environment. This aim is achieved by setting out a strategy for eliminating barriers that prevent or deter individuals from making use of sustainable modes.
- 5.1.2 Improving transport choices available to people, rather than focusing on providing for the private car, will lead to a more equitable and sustainable development. It will also provide travel options for all future employees and visitors, regardless of whether they own a car or not.

5.2 Objectives

- 5.2.1 This ITP is targeted at combating over-dependency on cars by boosting and encouraging alternatives to private car use. In order to do this, the ITP has the following broad objectives:
- To instil a culture of sustainable travel behaviour amongst employees and visitors at the development;
 - To promote healthy lifestyles and raise awareness about the benefits of utilising sustainable travel opportunities; and
 - To encourage walking and cycling as the first choice for local trips.

5.3 Benefits

- 5.3.1 By meeting the objectives, the TP will bring about the following benefits:

Employee / Visitor Benefits

- Health benefits associated with walking and cycling, including reduced levels of stress;
- The opportunity to save money using alternative modes of travel to the car; and
- Improved quality and reliability of journeys to and from work / the venue.

Developer Benefits

- An improved compliance with the planning context;
- A demonstration of any environmental credentials; and
- Providing incentives to attract future employees and visitors.

Wider Community Benefits

- On-going reductions in vehicular generated traffic on the local highway network;
- Increasing patronage on existing public transport modes;
- Health benefits associated with walking and cycling; and
- A contribution towards overall reduction in travel emissions.

6. Targets

6.1 Purpose of Target Setting

6.1.1 Targets are the measurable goals by which progress will be assessed. The ITP sets out mode share targets for visitors and employees. These mode share targets are **SMART**; that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic and **T**ime related.

6.2 Mode Share Targets

6.2.1 The overarching goal of the ITP is to reduce single occupancy car use and, as a result, the number of car trips to and from the site.

6.2.2 Based on the review of modal share data and the potential to influence travel behaviour, key modal shift targets will focus on:

- Maximising the number of local trips made by walking and cycling; and
- Promoting the use of local bus and rail services for full or part of journeys, particularly for commuting or accessing local amenities and leisure facilities.

6.2.3 The pre-survey modal share targets based on 2011 Census data are shown in [Table 6.1](#).

Table 6.1 : Indicative Mode Share Targets – 2011 Census

Mode of Travel	Mode Share Targets by Timescales		
	Base Year	Year 1	Year 2
Single Occupancy Vehicle (SOV)	20%	17%	15%
Sustainable Travel Modes	80%	83%	85%

6.2.4 More detailed modal shift targets will be identified following the initial travel survey to be undertaken within 3 months of first occupation.

6.2.5 The targets outlined in [Table 6.1](#) aim to achieve a 5% mode shift from SOV trips to sustainable travel modes (and corresponding 5% uplift in sustainable modes). The actual baseline mode share will be confirmed as part of initial baseline travel questionnaire survey. At this stage, these are interim percentages based upon the multimodal trip calculations from 2011 Census data. The mode share targets are subject to change on this basis.

6.2.6 It is recognised that it is not possible to set accurate targets far into the future, even when based on actual mode share data. Given this, it should be acknowledged that the targets will be reviewed once the initial surveys have been completed and existing travel behaviour is known.

6.2.7 All future data collection will be undertaken in accordance with local authority standards, to ensure the TP is being accurately monitored and that targets are being met.

7. Travel Plan Strategy

7.1 Overview

7.1.1 The TPC will be appointed prior to first occupation of the development and will remain in the role for a minimum of 5 years. The TPC will act as a liaison point for any issues relating to the TP. This will include liaising with the local authority, and, where required, public transport operators.

7.2 Travel Plan Co-ordinator

7.2.1 A TPC is needed to implement the measures and to sustain participation. The TPC will be appointed prior to the first occupation to implement the TP measures and encourage employees and visitors to travel by sustainable modes.

7.2.2 The anticipated roles and responsibilities of the TPC include:

- Administer/ manage/ implement the TP in liaison with Manchester City Council (MCC);
- To ensure travel awareness amongst employees and visitors;
- To provide a point of contact to discuss travel information and options;
- Promote and encourage the use of travel modes other than the car and car-sharing, where appropriate;
- To monitor the success of the TP measures and targets;
- Ensure the availability of the most up to date travel information; and
- To liaise with MCC and local public transport operators to identify inefficiencies and share ideas for improvements for public transport.

7.2.3 The applicant will be responsible for implementing the TP and will submit full contact details to MCC once available.

8. Travel Plan Measures

8.1 Overview

8.1.1 There will be a sustained and long-term commitment to encourage sustainable travel and implementing a range of promotional measures to deliver tangible modal shift amongst employees and visitors at the site. The main responsibility for promoting measures will lie with the TPC, who will seek to implement TP measures and promotional strategy as set out below.

8.2 Travel Information Pack

8.2.1 All future employees should be made aware of the existence of the TP and its aims through a Travel Information Pack. A Travel Information Pack should include the following information:

- The role and contact details for the TPC;
- Location of nearest bus stops / station(s);
- Up to date local bus timetables;
- Maps showing safe walking routes to the nearest key facilities including bus stops;
- Maps showing safe cycling routes to the site;
- Promotional material highlighting the health and financial benefits of walking and cycling;
- Details of trip planning apps;
- Details of car share services such as <https://liftshare.com/uk>;
- Details of journey planning websites such as <https://www.traveline.info/>; and
- Details of websites and apps where you can get the next departures from any bus stop sent to your mobile phone.

8.3 Encouraging Walking

8.3.1 In order to encourage walking at the site, the TPC will ensure that employees and visitors have received information and advice concerning safe pedestrian routes to and from the site. Employees and visitors will also be encouraged to walk by promoting the benefits which include health, reduction in stress, cost and environmental benefits.

8.3.2 There are a wide range of amenities within both the 500m and 1,000m walking catchments, including several bus stops.

8.3.3 The following websites can be used to plan walking routes:

- <https://www.google.co.uk/maps>
- <https://www.routeyou.com/en-gb/route/planner/2/walking-route-planner>
- <https://my.tfgm.com/#/planner/>

8.4 Encouraging Cycling

8.4.1 In terms of proposed operational measures, the TPC's role will include the promotion of cycling, including providing details of the local cycle routes/ facilities accessible from the development and other relevant information such as bicycle purchase/ repair.

8.4.2 Cycle journeys and routes can be planned via the following links:

- <https://www.cyclinguk.org/journey-planner>
- <https://www.sustrans.org.uk/national-cycle-network>
- <https://www.bikemap.net/en/routeplanner/>
- <https://my.tfgm.com/#/planner/>
- <https://www.sustrans.org.uk>

8.4.3 Further information regarding local cycle routes around Manchester City Centre, groups and facilities can be found via the following sites:

- <https://beeactive.tfgm.com/>
- https://www.manchester.gov.uk/info/500356/cycling_and_walking/6850/cycling

8.5 Promoting Public Transport

8.5.1 The promotion of walking and cycling will encourage many employees and visitors to adopt these modes, but for those travelling further from the site, public transport provides a more suitable alternative to the private car. A lack of awareness of the facilities available is often cited as a reason for not using public transport facilities.

8.5.2 The TPC will therefore ensure that up-to-date public transport frequency information is available to employees and visitors to maximise the potential use of this mode.

Local Bus Services

8.5.3 Bus routes, timetables and ticketing information can be accessed via the following links:

- <https://www.gonorthwest.co.uk/>
- <https://www.stagecoachbus.com/plan-a-journey>

- <https://www.arrivabus.co.uk/latest-news?page=1>

Metrolink Services

8.5.4 The following websites can be used to plan journeys using TfGM's Metrolink network:

- <https://tfgm.com/public-transport/tram>
- <https://tfgm.com/public-transport/tram/ticket-prices>
- <https://tfgm.com/public-transport/tram/tram-schedule>

Rail Services

8.5.5 Local rail services can be viewed on the following websites:

- <https://www.thetrainline.com/>
- <https://www.nationalrail.co.uk/>

8.5.6 To build more sustainable travel habits, the TPC will explore the opportunity to provide discounted bus or tram tickets for employees.

8.6 Promoting Car Sharing and Car Hire

8.6.1 Car sharing represents a convenient and alternative form of travel with significant potential to reduce the total private mileage and car parking demand.

8.6.2 The principal benefits associated with the introduction of a car sharing scheme are considerable and include:

- Reduced travel costs – drivers and passengers can split the costs of travel;
- Improved access – to areas which aren't accessible through public transport;
- Meet new people – sharing a car is a great way to meet colleagues, friends and neighbours;
- Reduced congestion – by sharing cars you can do your bit to help reduce congestion in the area;
- Reduced pollution – cutting congestion will also help to reduce pollution; and
- Reduced Carbon Dioxide emissions – which in turn will help to reduce the development of global warming.

8.6.3 The following websites can be used to find information about car sharing and car hire:

Car Sharing

- <https://liftshare.com/uk>

- <https://gocarshare.com/>

Car Hire

- <https://www.enterprise.co.uk/en/home.htm>

8.6.4 The TPC will identify a car share scheme to be promoted to staff. For example, TfGM's car sharing website is suitable:

- <https://travelplantookit.tfgm.com/implement/supporting-initiatives/car-sharing>

8.7 Car Alternatives

8.7.1 It is understood that sometimes access by car is necessary. Employees and visitors will also be provided the details of local minicab/ taxi firms, popular services and facilities they require as necessary.

9. Monitoring and Review

9.1 Overview

9.1.1 Monitoring of the TP includes the following key roles led by the TPC:

- To provide feedback to allow the TP to be developed; and
- To measure the level of success in meeting identified targets of this TP using key performance indicators.

9.1.2 A strategy for undertaking the monitoring and review is outlined in this section.

9.2 Monitoring Strategy

9.2.1 A Monitoring Report will be submitted to the Local Planning Authority to illustrate to what extent the agreed 'outputs' and 'outcomes' in the TP have been achieved. Once submitted, the Local Planning Authority will provide written comments on the report, which may lead to modifications to the original measures if required.

9.2.2 The success of a TP should be assessed in terms of the effect the implemented measures have had on the achievement of the TP targets.

9.2.3 The monitoring programme will begin with the initial baseline travel survey. Further surveys will be undertaken on an annual basis whilst the development is operating (2 years).

9.2.4 The surveys undertaken will also confirm the number of staff surveyed, the number of respondents, the date of survey, the type of survey used and how the modal split has been calculated.

9.3 Reporting

9.3.1 Respective TP reviews will be undertaken annually for the 2-year period that the development will operate. These will provide an opportunity for the TPC to assess the progress of the TP. This will outline the results of the monitoring in the preceding period, measures that have been implemented and any suggested changes to targets and measures as a result of the survey data.

9.3.2 If the targets and measures outlined in the annual monitoring reports are not being achieved, the potential for introducing remedial actions will be explored. The actions could include increasing the working time allocated to the TPC position or offering personalised travel planning.

10. Action Plan

10.1.1 An example Action Plan is outlined in [Table 10.1](#). This provides a schedule of the key actions detailed within this ITP in terms of who is responsible and their timescales. All actions are directed at influencing travel patterns to achieve the stated targets in-line with the objectives.

Table 10.1 : Travel Plan Timetable and Action Plan

Activity	Description	Frequency of Review	Deadline for Completion After Occupation	Lead
Appoint Travel Plan Co-ordinator	Lead person identified to co-ordinate the development and implementation of the Travel Plan.	Annual	Prior to first occupation	Applicant
Baseline assessment of modes of travel and preferences and questionnaires	Engagement with employees through questionnaires in order to provide a baseline assessment.	Annual	Within 3 months of first occupation	TPC
Analysis of Baseline Information	Analysis of survey information in order to identify trends, make recommendations and develop action plan.	Annual	Within 6 months	TPC
Development Action Plan	Information used to identify initiatives which are set out in a detailed action plan.	Annual	Within 6 months	TPC
Sign Off Plan	Formal approval of Travel Plan and its activities by MCC.	One-off sign off	Within 12 months	TPC
Review, Update and Report	Review Travel Plan, including results of surveys and questionnaires. Update action plan as required and submit progress report to MCC.	Annual	2 years	TPC

APPENDICES

APPENDIX A Local Bus Timetables

From 29 January

17

Some Monday to Friday peak period journeys have been extended to/from Norden via Bagslate and Bamford, partly replacing buses 162 and R8

Buses

17 17A

Easy access on all buses

Rochdale
Sudden
Castleton
Middleton
Blackley
Harpurhey
Collyhurst
Manchester

Including bus 17 Monday to Friday period period journeys to/from Norden

From 29 January 2023

For public transport information
phone **0161 244 1000**

7am – 8pm Mon to Fri

8am – 8pm Sat, Sun & public holidays

This timetable is available online at
www.tfgm.com

Operated by
Go North West

Additional information

Alternative format

To ask for leaflets to be sent to you, or to request large print, Braille or recorded information phone 0161 244 1000 or visit www.tfgm.com

Easy access on buses

Journeys run with low floor buses have no steps at the entrance, making getting on and off easier. Where shown, low floor buses have a ramp for access and a dedicated space for wheelchairs and pushchairs inside the bus. The bus operator will always try to provide easy access services where these services are scheduled to run.

Using this timetable

Timetables show the direction of travel, bus numbers and the days of the week. Main stops on the route are listed on the left. Where no time is shown against a particular stop, the bus does not stop there on that journey. Check any letters which are shown in the timetable against the key at the bottom of the page.

Where to find information about service changes

www.tfgm.com

Bus station posters

Leaflets from outlets.

Tickets and information

Bus companies offer a range of tickets for use on their own buses. For travel on any service in the County, use System One tickets, including DaySaver. Travelshops provide tickets, information and journey planning advice on buses, trains and trams for work and pleasure.

Using the 24 hour clock

Times are shown in four figures. The first two are the hour and the last two are the minutes.

0753 is 53 minutes past 7am

1953 is 53 minutes past 7pm

Go North West

Additional information

Alternative format

To ask for leaflets to be sent to you, or to request large print, Braille or recorded information phone 0161 244 1000 or visit www.tfgm.com

Easy access on buses

Journeys run with low floor buses have no steps at the entrance, making getting on and off easier. Where shown, low floor buses have a ramp for access and a dedicated space for wheelchairs and pushchairs inside the bus. The bus operator will always try to provide easy access services where these services are scheduled to run.

Using this timetable

Timetables show the direction of travel, bus numbers and the days of the week. Main stops on the route are listed on the left. Where no time is shown against a particular stop, the bus does not stop there on that journey. Check any letters which are shown in the timetable against the key at the bottom of the page.

Where to find information about service changes

www.tfgm.com

Bus station posters

Leaflets from outlets.

Tickets and information

Bus companies offer a range of tickets for use on their own buses. For travel on any service in the County, use System One tickets, including DaySaver. Travelshops provide tickets, information and journey planning advice on buses, trains and trams for work and pleasure.

Using the 24 hour clock

Times are shown in four figures. The first two are the hour and the last two are the minutes.

0753 is 53 minutes past 7am

1953 is 53 minutes past 7pm

Additional information

Alternative format

To ask for leaflets to be sent to you, or to request large print, Braille or recorded information phone 0161 244 1000 or visit www.tfgm.com

Easy access on buses

Journeys run with low floor buses have no steps at the entrance, making getting on and off easier. Where shown, low floor buses have a ramp for access and a dedicated space for wheelchairs and pushchairs inside the bus. The bus operator will always try to provide easy access services where these services are scheduled to run.

Using this timetable

Timetables show the direction of travel, bus numbers and the days of the week. Main stops on the route are listed on the left. Where no time is shown against a particular stop, the bus does not stop there on that journey. Check any letters which are shown in the timetable against the key at the bottom of the page.

Where to find information about service changes

www.tfgm.com

Bus station posters

Leaflets from outlets.

Tickets and information

Bus companies offer a range of tickets for use on their own buses. For travel on any service in the County, use System One tickets, including DaySaver. Travelshops provide tickets, information and journey planning advice on buses, trains and trams for work and pleasure.

Using the 24 hour clock

Times are shown in four figures. The first two are the hour and the last two are the minutes.

0753 is 53 minutes past 7am

1953 is 53 minutes past 7pm

Operated by
First Manchester

Additional information

Alternative format

To ask for leaflets to be sent to you, or to request large print, Braille or recorded information phone 0161 244 1000 or visit www.tfgm.com

Easy access on buses

Journeys run with low floor buses have no steps at the entrance, making getting on and off easier. Where shown, low floor buses have a ramp for access and a dedicated space for wheelchairs and pushchairs inside the bus. The bus operator will always try to provide easy access services where these services are scheduled to run.

Using this timetable

Timetables show the direction of travel, bus numbers and the days of the week. Main stops on the route are listed on the left. Where no time is shown against a particular stop, the bus does not stop there on that journey. Check any letters which are shown in the timetable against the key at the bottom of the page.

Stagecoach

Additional information

Alternative format

To ask for leaflets to be sent to you, or to request large print, Braille or recorded information phone 0161 244 1000 or visit www.tfgm.com

Easy access on buses

Journeys run with low floor buses have no steps at the entrance, making getting on and off easier. Where shown, low floor buses have a ramp for access and a dedicated space for wheelchairs and pushchairs inside the bus. The bus operator will always try to provide easy access services where these services are scheduled to run.

Using this timetable

Timetables show the direction of travel, bus numbers and the days of the week.
Main stops on the route are listed on the left.
Where no time is shown against a particular stop, the bus does not stop there on that journey.
Check any letters which are shown in the timetable against the key at the bottom of the page.

Where to find information about service changes

www.tfgm.com
Bus station posters
Leaflets from outlets.

Tickets and information

Bus companies offer a range of tickets for use on their own buses. For travel on any service in the County, use System One tickets, including DaySaver. Travelshops provide tickets, information and journey planning advice on buses, trains and trams for work and pleasure.

Using the 24 hour clock

Times are shown in four figures.
The first two are the hour and the last two are the minutes.

0753 is 53 minutes past 7am
1953 is 53 minutes past 7pm

Additional information

Alternative format

To ask for leaflets to be sent to you, or to request large print, Braille or recorded information phone 0161 244 1000 or visit www.tfgm.com

Easy access on buses

Journeys run with low floor buses have no steps at the entrance, making getting on and off easier. Where shown, low floor buses have a ramp for access and a dedicated space for wheelchairs and pushchairs inside the bus. The bus operator will always try to provide easy access services where these services are scheduled to run.

Using this timetable

Timetables show the direction of travel, bus numbers and the days of the week. Main stops on the route are listed on the left. Where no time is shown against a particular stop, the bus does not stop there on that journey. Check any letters which are shown in the timetable against the key at the bottom of the page.

Where to find information about service changes

www.tfgm.com

Bus station posters

Leaflets from outlets.

Tickets and information

Bus companies offer a range of tickets for use on their own buses. For travel on any service in the County, use System One tickets, including DaySaver. Travelshops provide tickets, information and journey planning advice on buses, trains and trams for work and pleasure.

Using the 24 hour clock

Times are shown in four figures. The first two are the hour and the last two are the minutes.

0753 is 53 minutes past 7am

1953 is 53 minutes past 7pm
