The BRWRY/Waterhouse Gardens- Section 73
FAO Joe McElhone

To Whom It May Concern,

Notwithstanding the works being carried out under the original Planning Permission Ref. 118831/FO/2018, Domis confirm that the Construction Management Plan 'CMP – Brewery Gardens – REV 05' submitted against pre-commencement Condition 8 as part of CDN/23/0215 is relevant to and consistent with the works to be carried out in relation to the addition of the basement to Block A as outlined by this Section 73 application. The conclusions of the report remain unchanged and the report requires no update prior to resubmission.

Yours Faithfully,

Geoff Danby
Design Manager
