You don't often get email from zeds14@live.com. [Learn why this is important](#)

I strongly object to this planning due to noise pollution, anti social problems, parking is already an issue here. We live here and we struggle to park due to the tram station and people who work at the hospital also park here. There's already anti social problems due to the pub across the road. In flats there will be drug dealers and drug users which will increase criminal activity in this area. My neighbours have agreed with this and are not happy about this planning application. This will cause harm and distress to our community.
