5		MCC Case Officer Inspection	Mon 31/07/23	Mon 14/08/23																		
6		Mock-Up Dismantled	Mon 04/03/24	Mon 04/03/24																		

QUALITY ARRANGEMENTS

In order to ensure the quality of design, specification, and workmanship is replicated to the main project from the mock-up sample approved, the mock-up shall remain in place as the facade benchmark until such time as the main building facade construction has progressed to a point where all key features are installed, and inspected to check that quality has been replicated. This is demonstrated by line item 6 in the programme which indicates the mock-up will be dismantled in spring of 2024

As a further quality assurance measure, Bruntwood have employed Wintech Engineering Services to provide site inspections and report upon any deviations from approved designs and quality workmanship.
