Manchester City Council
Town Hall
PO Box 532
Manchester
M60 2LA

26th June 2023.

Dear Sir/Madam,

Portal Ref: PP - 12269252

Proposal: Temporary Advertising Banner on the Loading Gantry Scaffold, Town Hall Restoration.

Location: Cooper St, Manchester, M2 4EG.

Planning Approval was given for a temporary banner advertising scheme at the location for a period of 2 years under reference 129420/AOH/2021 and this has since expired. The Town Hall Restoration project is behind schedule on account of the COVID19 Pandemic and the Loading Gantry Scaffold is now not scheduled to be removed until May 2024.

The banner advertising scheme which screens the Loading Gantry Scaffold as seen from St Peter's Square, is predominantly being used by Manchester City Council for its own messaging and we are seeking a new 12 month approval so utilisation of the media opportunity can continue until the Loading Gantry Scaffold is dismantled.

For ease of reference the following documents have been submitted to support our application:

MECO 0001 - Banner General Specification Schematic
MECO 0002 - Lighting Schematic
MECO 0003 - Location Plan
MECO 0004 - Site Plan
MECO 0005 - Elevations & Scaffolding Arrangement
MECO 0006 - Existing Site Photo
MECO 0007 - Banner Material Specification
MECO 0008 - TS62 Fire Rating Certification
MECO 0010 - Advertising Design Strategy

Please do not hesitate to contact me if you have any queries, I look forward to hearing from you in due course.

Yours faithfully,

Joe Arshed
