Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. View government planning guidance on fire statements or access the fire statement template and guidance.
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or view government planning guidance on determination periods.

Description

Please describe details of the proposed development or works including any change of use

Replace the existing stock fence around the perimeter of the Zip World facility in Heaton Park with a security fence along the existing boundary.

Has the work or change of use already started?

◯ Yes
⊘ No

Existing Use

Please describe the current use of the site

Nestled in the heart of Heaton Park, Treetop Trek Manchester is the place to be for a jam-packed fun day out for the family in the North-West. Forget you're in the city centre and explore the treetops on a high-ropes course Full Trek and Mini Trek, or leap along the huge bouncy nets, Treetop Nets, suspended in the woodland. These adventure activities are fun for all the family, with ages 3+ welcome.

Is the site currently vacant?

◯ Yes
⊘ No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

◯ Yes
⊘ No

Land where contamination is suspected for all or part of the site

◯ Yes
⊘ No

A proposed use that would be particularly vulnerable to the presence of contamination

◯ Yes
⊘ No

Materials

Does the proposed development require any materials to be used externally?

⊘ Yes
◯ No

Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)

Type:
Boundary treatments (e.g. fences, walls)

Existing materials and finishes:
Stock fence constructed with wooden posts and plastic coated weld mesh.

Proposed materials and finishes:
358 Security fencing to enclose the accessible areas of the Treetop Trek and Treetop Nets course in Heaton Park. • Install 3m high 358 securi-mesh with a 300mm 45-degree cranked section top on 80 x 80mm box section posts with cranked tops approx. 322m in length, manufactured from pre-galvanised steel and powder coated in dark green - RAL 6005. • 358 securi-mesh is incredibly strong and rigid and can withstand cutting attempts using standard cutting tools. • The space between the mesh itself means that it is difficult to climb. The apertures within the mesh structure are narrow enough to prevent climbing activity, but at the same time, still provide a great standard of visibility. • 358 securi-mesh fencing panels contain wires which are 4mm in thickness and have openings of 76.2mm x 12.7mm. The wires are welded at each intersection and the narrow apertures make the mesh difficult to climb, vandalise or cut through using conventional tools. • The mesh not only offers security, but with no exposed wires or sharp edges, is safe to use in locations such as a publicly accessible Park. Although dense, the 358 securi-mesh is suitable to use with CCTV camera systems as the mesh still offers a very good level of visibility. • 358 securi-mesh's thin steel section being less intrusive and therefore enhancing the traditional Grade II listed landscape. The fence and gates will be powder coated in dark green to match the existing fencing and gates within Heaton Park. • We are already using this product with 100% success rate in Heaton Park at the following locations: Community Garden, Rose Cottage, Farm Cottage, and our Operational Yard where we store our machinery & equipment. The dark green colour blends in very well with the parkland and you only really see the posts of the fence because the gaps in the mesh are so small it is very unobtrusive.

Are you supplying additional information on submitted plans, drawings or a design and access statement?

⊘ Yes
◯ No

If Yes, please state references for the plans, drawings and/or design and access statement

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
