Comments from Jennifer:
We accept that given the context, the 4 apartments probably offer the optimum solution to what is not exactly the most desirable site. You need to ensure that the boundary treatment to the car parking and the gardens of the existing residential properties is robust together with screening to the coop service yard. As usual the setting of the properties is key in order to improve the overall appearance of this site. It would be good to see a design solution that moves away from traditional cottage flat arrangement to ensure a high quality design for the development.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

⊘ No
