c. diameter		Engineer to sign and date prior to laying of materials	N/A
d. penetrations sealed		Installed as per manufacturers recommendations	
8. VENT SYSTEM		Installed as per manufacturers recommendations	
9. BACKFILLING			

PLEASE NOTE: Only back fill around pipe after the connection between tank and manhole is complete so that the pipe is not compromised in any way with an open end. Failure to comply may result in the pipe being damaged. It may be necessary to put stone over pipe when filling pipe trench but make sure enough pipe is protruding so that stone is not directly on open end. SDS will not accept responsibility.

In signing this document, you are in agreement that the above work meets your specifications. Please note that changes to any project elements after sign-off may be subject to additional charges.
