Description of site/building

Listed building: Not applicable

Conservation area: Not applicable

Tree Preservation Order: Not applicable

The application relates to 2 parcels of land within the highway on Hulme Street and River Street. Both areas are currently in use as tarmacked roadway, in private ownership of the Applicant, with the exception of the eastern-most extent of Hulme Street from the junction with Wilmott Street, which comprises public highway. It lies just outside of 2 development plots known as 10a and 10b within the First Street SRF Area. The wider plot is bounded by River Street to the north and east, Hulme Street to the south and Newcastle Street to the west.

Plots 10a and 10b are identified for redevelopment within the endorsed First Street Strategic Regeneration Framework (2020) and lies within the part of the SRF defined as First Street Central (FSC). The western plot, 10a, is being progressed for proposals for a Grade A office development (application ref no 136043/FO/2023). The eastern plot, 10b, is being progressed for proposals for a 14 storey purpose-built student accommodation building (application ref no 136170/FO/2023).

Description of area

Immediately to the north and north-west are the completed No.1 and No.8 First St buildings, which are home to commercial. James Grigor Square is located north west of the Site and provides attractive outdoor space.

Beyond this is First Street North ('FSN'), which is now complete. Centred around Tony Wilson Place, FSN is now a cultural hub for the city including HOME a contemporary art, film and theatre complex alongside a wider mix of uses including student accommodation, an MSCP and a range of carefully curated food and drink operators, as well as new public spaces. To the east of the Site are a number of former Mills including Macintosh Mill and Cambridge Mill which are Grade II listed and are in residential and office uses. Immediately west of the Site is Plot 9 of the First Street Masterplan. Planning Permission (132600/FO/2021) was secured for a nine storey 'net-zero' office building, being brought forward by Ask at Plot 9a (the northern segment). In June 2022, it was announced that the Government Property Agency (GPA) will occupy the Plot 9a building once complete. Plot 9b remains a vacant future development site.

To the immediate south Plot 11 (approved under application ref no 125573/FO/2019), which is the construction of four co-living towers of varying heights (between 10 and 45 storeys). Slightly further south of the Site, beyond Parkway Gate and Medlock House student accommodation, is the Mancunian Way – a key arterial vehicle route into the City.

The Site is not located within a Conservation Area but is within the setting of a number of listed buildings including Mackintosh Mill and Cambridge Mill which are Grade II listed former Mills as detailed above.

Description of development

Consent is sought for Works to divert existing sewer, including excavations and landscaping works to return footpaths and road surfaces to their current state.

The proposed works are required to facilitate the future redevelopment of Plot 10 of the First Street masterplan as detailed above which are identified regeneration priority sites within the First Street Strategic Development Framework (SDF). The works comprise essential enabling infrastructure to facilitate these two regeneration projects.

The proposals would see the extant drainage network present within Plots 10a and 10b diverted to run along the adjacent Hulme Street and River Street, with connections into each plot, servicing each development.

Issues

Relevant National Policy

The National Planning Policy Framework (NPPF) - The NPPF sets out the Government's planning policies for England and how these are expected to apply. The central theme to the NPPF is to achieve sustainable development. The Government states that there are three dimensions to sustainable development: an economic role, a social role and an environmental role (paragraphs 7 & 8). Paragraphs 11, 12, 13 and 14 of the NPPF outline a "presumption in favour of sustainable development". This means approving development, without delay, where it accords with the development plan. Paragraph 12 provides: "Proposed development that accords with an up-to-date Local Plan should be approved and proposed development that conflicts should be refused unless other material considerations indicate otherwise."

The proposed development is considered to be consistent with the following sections of the NPPF:

Section 1 - Building a strong and competitive economy - The proposal would facilitate the delivery of regeneration on Plots 10a and b within the First Street SRF Area generating employment in terms of the proposed uses and supply side as well as supporting jobs through the construction period.

Section 2 Ensuring the Vitality of Town Centres - The proposal would contribute to repurposing a key City Centre regeneration site that is currently underused and has been previously developed.

Relevant Local Policies

Adopted Core Strategy - The proposal is consistent with the Adopted Core Strategy for the City of Manchester, specifically the following policies:

Policy SP 1 (Spatial Principles) - The development would be consistent with the aim of bringing forward economic and commercial development within the Regional Centre.

The proposals would support the delivery of the regeneration of Plots 10a and b within the First Street SRF Area which itself would make a positive contribution to neighbourhoods of choice by re-use previously developed land enhancing the built and natural environment.

Policy DM 1 - Development Management - sets out the requirements for developments in terms of BREEAM and outlines a range of general issues that all development should have regard to. Of these the following issues are or relevance to this proposal:

- appropriate siting, layout, scale, form, massing, materials and detail;
- Design for health;
- Adequacy of internal accommodation and amenity space.
- impact on the surrounding areas in terms of the design, scale and appearance of the proposed development;
- that development should have regard to the character of the surrounding area;
- effects on amenity, including privacy, light, noise, vibration, air quality and road safety and traffic generation;
- accessibility to buildings, neighbourhoods and sustainable transport modes;
- impact on safety, crime prevention and health; adequacy of internal
- accommodation , external amenity space, refuse storage and collection, vehicular access and car parking; and
- impact on biodiversity, landscape, archaeological or built heritage, green Infrastructure and flood risk and drainage.

The application is considered in detail in relation to the above issues within this report and is considered to be in accordance with this policy.

The Schemes Contribution to Regeneration - Regeneration is an important consideration in terms of evaluating the merits of this application. Manchester City Centre is the primary economic driver in the City Region and as such is crucial to its longer term economic success.

The proposed works would support the delivery of the regeneration of Plots 10a and b within the First Street SRF Area.

Contaminated Land – The Head of Environmental Health is satisfied with the mitigation proposed subject to a watching brief being maintained on site and management of imported soils in terms of suitability for use.

Archaeology – The proposed works will have no impact on any known or suspected archaeological remains. As such, no further consideration of archaeological matters is warranted in this instance.

Flood Risk – The Flood Risk Team are happy to support the proposals if they are signed off by United Utilities.

Impact on Amenity – The agreement of a Construction Management Plan via a condition would mitigate any potential issues with dust. The Head of Highways has no objections in principle with the proposed traffic management measures set out within the submission which will be the subject of ongoing discussions with the relevant sections within Highways under legislation separate from Planning.

Pedestrian Safety – A Management Strategy would be secured via a condition to ensure that there are no adverse impacts on pedestrians.

Other Legislative Requirements

Equality Act 2010

Section 149 (Public Sector Equality Duty) of the Equality Act 2010 requires due regard to the need to: Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act and; Advance equality of opportunity between persons who share a protected characteristic and persons who do not share it. The Equality Duty does not impose a legal requirement to conduct an Equality Impact Assessment. Compliance with the Equality Duty involves consciously thinking about the aims of the Equality Duty as part of the process of decision-making.

Human Rights Act 1998 considerations

She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.
