[You don't often get email from gailbridgman@hotmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification> ]

My husband and I would like to put in an objection to the proposed telephone mast in Fog Lane. We are obviously

aware of the necessity in today's world of the importance of good communication. However we feel that to place a

mast of 15 metres in a residential area like Fog Lane and surrounding immediate area is inappropriate .Our

understanding is this is not even the developer's ideal location being over 1/2 mile from where they recommended

placing it.It is on the edge of the area that it is trying to cover.We believe that there are more suitable

areas such as commercial areas rather than residential that would be more suitable but we understand Manchester

City council have to date not even considered or examined these.

We would be most grateful if you could therefore reconsider the siting of this very high mast Thank you

From Dr J and Dr G Bridgman 86 Fog Lane
