

Important – Planning permission & notices of consent

Compliance with conditions

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.
- Some conditions will require action before you start development and it is imperative that you seek to have these discharged before any work commences.
- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee is payable for each request to discharge conditions.
- For advice on any of these matters, please contact Planning, Manchester City Council, PO Box 532, Town Hall, Manchester M60 2LA or email planning@manchester.gov.uk

(v) Sections 4,5 and 6 of the Crime Impact Assessment VERSION A: 07.09.20, 2017/0879/CIS/02

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to Core Strategy SP1, CC3, H1, H8, CC5, CC6, CC7, CC9, CC10, T1, T2, EN1, EN2, EN3, EN6, EN8, EN9, EN11, EN14, EN15, EN16, EN17, EN18, EN19, DM1 and PA1 saved Unitary Development Plan policies DC18.1 DC19.1, DC20 and DC26.1.

3) Notwithstanding the details submitted with the application, prior to commencement of development a programme for the submission of the items as listed in (a) and (c) below shall be submitted for approval in writing by the City Council, as Local Planning Authority:

a) Extension and external elevations including ground floor retail frontages

(i) Schedule for samples and specifications of all materials to be used on all external elevations including the extension

(ii) Drawings to illustrate details of full sized sample panels (extension) that will be produced (The panels to be produced shall include jointing and fixing details between all component materials and any component panels, details of external ventilation requirements, details of the drips to be used to prevent staining and details of the glazing and frames);

and following agreement of these

(iii) a programme for the production of the full sized sample panels (extension); and

(iv) a strategy for quality control management;

b) Items (i) to (iv) shall then be submitted and approved in writing by the City Council as local planning authority in accordance with the programme and dwgs as agreed above;

c) Listed Building

(i) A programme for providing details of all internal materials and finishes

d) Item (i) shall then be submitted and approved in writing by the City Council as local planning authority in accordance with the programme and dwgs as agreed above;

Reason - To ensure that the appearance of the development is acceptable to the City Council as local planning authority in the interests of the visual amenity of the area within which the site is located, as specified in policies SP1 and DM1 of the Core Strategy.

4) Before any works necessary to implement the approval commence a methodology and specification for any associated scaffolding and support structure for the listed building including its location, means of affixing to the building, location of any associated fixings to the building, details of how the building fabric would be protected from potential damage as a result of the erection of the scaffolding and details of making good to the building fabric following removal shall be submitted to and approved in writing by the City Council as local planning authority. No development shall commence unless and until the above details have been agreed.

Reason - In the interests of visual amenity and because the proposed works affect a building which is included in the Statutory List of Buildings of Special Architectural or Historic Interest and careful attention to building work is required to protect the character and appearance of this building and to ensure consistency in accordance with policies CC9 and EN3 of the Core Strategy and saved policy DC19.1 of the Unitary Development Plan for the City of Manchester.

5) Notwithstanding the drawings approved in condition 2, prior to commencement of works specified in parts a) to f) of this condition, the required information set out in a) to f) shall be submitted to and agreed in writing by the City Council as local planning authority:

(a) A schedule of any intrusive investigations and mitigation/ repair including details of the need for the works, the number, sizes, locations and method statement for each task including building protection works; The proposed method statement shall be updated to include evidence of appropriate measures to protect the culvert's structural integrity during the proposed intrusive site investigations to inform the structural design. This shall include appropriate trial locations and the avoidance of loading by machinery. This should be supplied by an appropriately qualified structural engineer. This should also include evidence of investigations (as far as feasible) to determine if the culvert is located onsite or under the adjacent Tib Street.

(b) A schedule of paint sampling including all painted surfaces such as the staircases, windows, walls and ceilings and panelling (which may have originally been a exposed wood finish) as a record and in order to inform the proposed decoration;

(c) Method statement for removal of any fabric as part of any strip out works (including original floor, wall, ceiling finishes) exposed during strip out works for (a) the existing shop fit out; (b) the Bet Fred Unit; and (c) the ground floor frontages (which shall be subject to a watching brief and recording) and for any proposals to repair fabric or structural works / repairs in relation to this. This should inform the Strategy for the re-use / relocation of any original features, fixtures or fittings within the final proposals (condition 12(f)) including incorporation of any exposed element of original shopfront;

(d) Notwithstanding the details in the Structural Planning Report and Planning Addendum by Woolgar Hunter, final details of all of the proposed structural works, fire treatment, floor protection and structural repairs including those as outlined in the supporting structural engineers report (final agreement of the extent of these works may be need to be subject to a further planning application) and evidence of appropriate

embedded design in the proposed scheme in response to loading and foundation implications on the culvert asset, to protect both the building and the culvert. These should also provide appropriate provisions for the construction phase. This should be in the form of an assessment supplied by an appropriately qualified structural engineer. It should include a residual risk assessment if the culvert could not be definitively located by investigations under 5a).

(e) Full scaled drawn details of M & E (Air conditioning and other internal and external plant) including elevations, sections and reflective ceiling plans; and

(f) Detailed method statement for the recording, careful dismantling, storage, protection and new location for the removed original staircase (between 5th and 6th floors) and surrounding features;

Reason - In the interests of visual amenity, and because the proposed works affect a building which is included in the Statutory List of Buildings of Special Architectural or Historic Interest so careful attention to building work is required to protect the character and appearance of this building in accordance with saved policy DC19.1; of the Unitary Development Plan for the City of Manchester and policies SP1, EN3 and DM1 of the Core Strategy

6) Notwithstanding the details within condition 2 (d) and the Rylands Building, Manchester, Conservation Strategy by SLHA dated October 2020 (parts 3,4 and 5), no works outlined within sections 3 and 4 of the Conservation Strategy shall commence unless and until final details or repair methodology, technique and specifications (including where appropriate specification and method statement) have been reviewed on site, submitted to and approved in writing by the City Council as Local Planning Authority. All of the above shall be implemented in accordance with the approved details before the development is first occupied.

Reason - In the interests of visual amenity and because the proposed works affect a building which is included in the Statutory List of Buildings of Special Architectural or Historic Interest and careful attention to building work is required to protect the character and appearance of this building and to ensure consistency in accordance with policies CC9 and EN3 of the Core Strategy and saved policy DC19.1 of the Unitary Development Plan for the City of Manchester.

7) Notwithstanding the details as set out in condition 2 above, prior to each of the works specified in parts a) to o) of this condition being undertaken on site, final details (including where appropriate specification and method statement) shall be submitted to and approved in writing by the City Council as Local Planning Authority:

- a) Details of the new ground floor frontages including 1:20 elevations and sections;
- b) Final details of the fascia, signage zones and a signage strategy for the ground floor;
- c) Details of repairs and upgrade of existing roof;
- d) Details of new critical windows including location within existing window openings and making good of any existing fabric damage due to removal of the existing windows;
- e) Details of the arcade fit out and arcade shop frontages;
- f) A strategy for how existing features (including joinery and metalwork) will be reused;
- g) A strategy for the re-use / relocation of the 7th floor doors and details of the final locations;
- h) Details of the security doors and gates;
- i) Strategy and details (1:20) for the reinstatement of the moulded dado and skirting;

- j) Details of making good fabric following (a) structural interventions; (b) removal of fabric and (c) formation of new openings;
- k) A schedule of removal of redundant signs and external fixtures and fittings and details and including method statements for repair work and making good to external elevations;
- l) Details of any proposed damp proofing;
- m) A strategy for the location and detailing of all building services including electrics and plumbing, telecommunications, fire/security alarms, any aerials and CCTV cameras (and associated cabling and equipment) along with final details of these items;
- n) Any building lighting scheme; and
- o) Details of all new entrances.

All of the above shall be implemented in accordance with the approved details before the development is first occupied."

Reason - In the interests of visual amenity and because the proposed works affect a building which is included in the Statutory List of Buildings of Special Architectural or Historic Interest and careful attention to building work is required to protect the character and appearance of this building and to ensure consistency in accordance with policies CC9 and EN3 of the Core Strategy and saved policy DC19.1 of the Unitary Development Plan for the City of Manchester.

8) Prior to occupation of each of the following areas of the building (a) Ground floor and basement; and (b) Floors 1-11, a Tenant Fit Out Guide shall be submitted to and approved in writing by the City Council as Local Planning Authority.

Reason - In the interests of visual amenity and because the proposed works affect a building which is included in the Statutory List of Buildings of Special Architectural or Historic Interest and careful attention to building work is required to protect the character and appearance of this building and to ensure consistency in accordance with policies CC9 and EN3 of the Core Strategy and saved policy DC19.1 of the Unitary Development Plan for the City of Manchester.

Informatives

Building Regulations 2010

This permission does not grant approval under Building Regulations.

Street Naming & Numbering Requirements

Manchester City Council is responsible for allocating street naming and numbering within Manchester for new developments or property conversions. Individuals or businesses are not permitted to allocate their own property numbers, building or street names.

If your development includes the creation of new dwellings (either new build or conversion of existing buildings), creation of new commercial properties or the subdivision of existing properties you must ensure that you request new or changes to addresses through us so they can be officially allocated and registered in accordance with the Public Health Act 1925 Sections 17-19 & Greater Manchester Act 1981 Section 22.

Failure to do this may result in difficulties for the developer/occupier when requiring services such as connections to utilities, phone lines and postal services and may delay your development.

You can apply online at the following address:

www.manchester.gov.uk/info/100011/roads_parking_and_transport/1988/naming_and_numbering_of_houses_buildings_streets_and_roads/2

Mining Information

The proposed development lies within an area which could be subject to current coal mining or hazards resulting from past coal mining. Please read the Standing Advice from the Coal Authority in Appendix A.

All of the works required to achieve the new accesses / egresses and associated TROs should be included as part of a S278 agreement to be funded by the applicant

Construction/demolition works shall be confined to the following hours unless otherwise agreed in writing by the City Council as local planning authority:

Monday - Friday: 7.30am - 6pm

Saturday: 8.30am - 2pm

Sunday / Bank holidays: No work

Workforce may arrive on site 30 minutes prior but no working outside these times, unless changed by prior agreement. Noise to be kept to a minimum in the first hour. Reason - To safeguard the amenities of the occupiers of nearby residential accommodation during the construction phase.

Any materials approved for planning purposes should be discussed in full with Building Control. This is to ensure they meet the guidance contained in the Building Regulations for fire safety. Should it be necessary to change the external facade treatment due to conflicts with the Building Regulations you should discuss these with the Planning Service as soon as possible as this could materially effect your permission.

If during works to convert the building to the use hereby permitted any sign of the presence of bats is found, then all such works shall cease until a survey of the site has been undertaken by a suitably qualified ecologist and the results have been submitted to and approved by the Council in writing as local planning authority. Any recommendations for the protection of bats in the submitted document shall be implemented in full and maintained at all time when the building is in use as hereby permitted.

Notes

1. This permission refers only to that required under the Town and Country Planning Act 1990 does not include any consent or approval under any other enactment, byelaw, order or regulation.

2 If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, they may appeal to the Secretary of State in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of the notice of the decision.

The Planning Inspectorate have introduced an online appeals service that can be used to make appeals online. This service is available through the gov.uk website – www.gov.uk/appeal-planning-decision . The Inspectorate will publish details of your appeal on the internet. Alternatively If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances that excuse the delay in giving notice of appeal.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the City Council (planning@manchester.gov.uk) and the Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

3. The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70(1) and 72(1) of the Act.

4. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that they can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase their interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990

5. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to them. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
