Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: 71 storeys really please can you tell me who is going to be living in the top 20 floors (not mancunians) - more office space that will sit empty- less light more pollution more traffic- probably more lending from ourselves. who does this actually benefit- if they want big commercial they need to add things that the local community needs.

At this height are in risk of having another ridiculous dangerous eyesore like 20 Fenchurch Street (walkie scorchie). what investment are renaker putting into the fire service to assist in fighting ridiculous risks. Please reject and ask them for something a bit more reasonable- and something with more use for existing residents- like a nhs dentist surgery or doctors for the thousands of extra residents. we don't need a lighthouse (ironic for the light it will block out) or the extra noise and pollution and industrial traffic.
