

Architectural elevation drawing of Fraser House, showing a four-story facade. The drawing includes labels for various window and door elements, such as W1.01, W2.01, W3.01, and DLG.01. The facade features a central entrance with a large door (DLG.01) and a series of windows (W1.01, W2.01, W3.01) arranged in a symmetrical pattern. The drawing also shows decorative elements like cornices and moldings.

Existing shutter to be removed. New curtain wall glazing and doors to be installed in-place.

Existing door opening to be replaced with windows and metal fence imilar to adjacent opening (WLG.01 & WLG.02)
