Dear Adam Mitchell,

I am writing to appeal against the erection of a phone mast on Fog lane, a few minutes walk from our house at 80 Fog lane.

I understand that this is not the developer's preferred location, a commercial area which will provide improved coverage.

Instead, Fog Lane is an entirely residential area. Your decision to erect it here suggests that you have not considered or examined a commercial location, which you are obliged to do.

So I join my fellow Didsbury residents in appealing against this decision.

Yours sincerely,

Sue Stern
