Subject: Objection to installation of 15m high telecommunications mast & cabinet junction Cranmer Road and Fog Lane,M20 6AW

[You don't often get email from shardageega@icloud.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

To,
Director of Planning,Building Control& Licensing,

I object to the above as we live in a residential area and we take pride looking after it. This area has plenty of mature trees protected by TPO. We take part in Didsbury in Bloom because we want to enhance our neighbourhood,we are using the parks more than usual,again enhancing our physical & mental health and not forgetting biodiversity!

So why should we have the mast when it is not even close to the developer's ideal key location.Fog Lane/Cranmer Road is at the very edge of the coverage gap and half a mile away.Also, will the combined height of the mast and any stand be 15m high. We want to live in a safe residential neighbourhood without the tall telecommunications mast & the equipment cabinet near the bus stop.

Thank you for notifying us about the above.

Sincerely,
Sharda Geega.
