Subject: 135908/TEL/2023

You don't often get email from sham.sadiq@icloud.com. [Learn why this is important](#)

Dear sir/madam,

I am emailing in regards to the planning application reference **135908/TEL/2023**.

I OBJECT to the planning application for this 15m telecoms mast, Manchester City Council have a duty to place a mast in a location that has the least impact on residential households which this obviously does being erected where the current plans list. The developers identified their key location as Catterick Road, which this site is half a mile from!

Also other much more suitable locations have not been selected on the grounds they are residential, which we are every bit of residential as they are.

I do hope my objections are considered and hope to hear from you soon with the news that this mast approval will be cancelled.

Kind regards

Mr Sadiq
