Hi Rob

I have now reviewed the planning application 133746/FO/2022 and would like to apply a local labour condition for the Construction phase.

Construction Phase

a) Prior to the commencement of the development, details of a Local Labour Proposal, in order to demonstrate commitment to recruit local labour for the duration of the construction of the development, shall be submitted for approval in writing by the City Council, as Local Planning Authority. The approved document shall be implemented as part of the construction of the development.

Please can you request the applicant reviews the attached Local Labour Guidance and completes the reporting templates detailing KPIs for each point made in their proposal.

Happy for the applicant to contact me directly if they have any questions and please can you request the reporting template is returned to myself too.

Many thanks

Jeanette
