

Dixy Chicken Green Brow Road. Wythanshaw

Supporting Statement from Applicant.

Dixy Chicken is a well established fast food outlet which due to planning has to close at 2300hrs each day.

The requirement to open until 0100hrs Friday and Saturday and 12 midnight Sunday to Thursday is to maximise the potential of sales. Through customer feedback it has become obvious that the demand from customers is to provide a service after our current hours.

In particular the local public houses in the area are The New hall pub and The Firbank pub have licensing hours particularly on Fridays and Saturday that exceed our current licensing hours.

If we were to be successful with the application we would immediately apply to the Manchester City Council for a Late Night Refreshment Licence.

I would submit that the extended hours would contribute positively to the night -time economy and would not have a negative impact for the residents in the area.

Dixy chicken have an extremely good relationship with our nearby residents and the wider community.

Both our equipment to expel kitchen fumes and the way we operate our customer service. We have received no noise complaints. We do not anticipate any negative representations should our application be accepted.

As you will be aware we have sufficient parking for customers who spend only a small amount of time parked up. A large proportion of our customers are local foot passengers, who in the main are those attending the local pubs and are requesting us to provide an extended service.

Summary

Our application we believe is reasonable and proportionate to the needs of the local residents and wider community. The extended hours if granted would contribute positively to the night- time economy and have little or no negative impact on the lives of those residing in the local area. We have enquired with residents on our proposals and have only received positive feedback.

We would respectfully ask that our application to extend the Dixy Chicken operating hours be granted

Thankyou

Jaffar Pervaiz
