Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Dear Robert,

The proposed development of 2, 5 story residential buildings is quite concerning to me as a resident in Chorlton. I do not object to the further residential buildings being built in the area, but I do object to the demolition of the leisure centre to make room for them.

I worry about the lack of communal space that will be available to the public after this takes place. I would like to see public money going into the leisure centre's refurbishment so that it can become something that can be used by everybody, whether that be a public swimming pool or a community centre. I believe that would be most advantageous to the wider public, and would add a further sense of community to Chorlton.

I would really appreciate it if this application could be reconsidered.

Thank you.
