Updated Answers:

I have updated the site plan for this application. Have explained the changes in the plan to allow an increase of 10cm to original fence due to the panels being purchased. Some areas of fence will be 1.8m some will be 1.9m as the wall is not perfectly straight and equal height but fence panels are 0.9 in size. Existing hedge that fence will sit in front of is 2.3m in height currently.
