Description of Proposed Works

Please describe the proposed works

Changes to existing application

Reference: PP-11392088

We would like to raise the fence running along the side of Torbay road from 1.8m to 1.9m. This is due on investigation with our preferred fence supplier, the standard fence panels are 0.9m so if they sit on the wall, the total height would be 1.9m instead of 1.8m. To make bespoke fence panels to a height of 0.8m would be considerably more expensive and not as robust.

The visibility of corner of Torbay road and Corkland Road where the fence would go up to would not be affected as currently there are thick hedged bushes up to a total height of 2.6m and therefore no visibility already.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Amendments Summary

I have updated the site plan for this application. Have explained the changes in the plan to allow an increase of 10cm to original fence due to the panels being purchased. Some areas of fence will be 1.8m some will be 1.9m as the wall is not perfectly straight and equal height but fence panels are 0.9 in size. Existing hedge that fence will sit in front of is 2.3m in height currently.
