

North Elevation 05

Carefully remove existing 20th century gableboards and associated metal brackets and replace with new gableboards and brackets in situ. Make good in situ to match the existing and adjacent in every respect.

Ensure existing rainwater goods meet the following requirements:
Gutter - 100/25 eaves - 65 mm

Where rainwater goods are less than this allow to replace in cast iron with all profiles and fittings to match the existing in every respect.
