Hi Colm,

Please see below email regarding the hoarding.

All seems positive but let me know if you need anything else.

Many thanks
Alex

Alex

No issues with the lighting request .

Regards

Subject: Citylabs 4.0

You don't often get email from alex.vogt@curtins.com. [Learn why this is important](#)

Hi Leia,

I hope all is well. I have been passed your details by Andy Connell regarding a quick query we have.

You may be aware of the Citylabs 4.0 development on Hathersage Road. Curtins assisted in securing consent for this a couple of years ago.

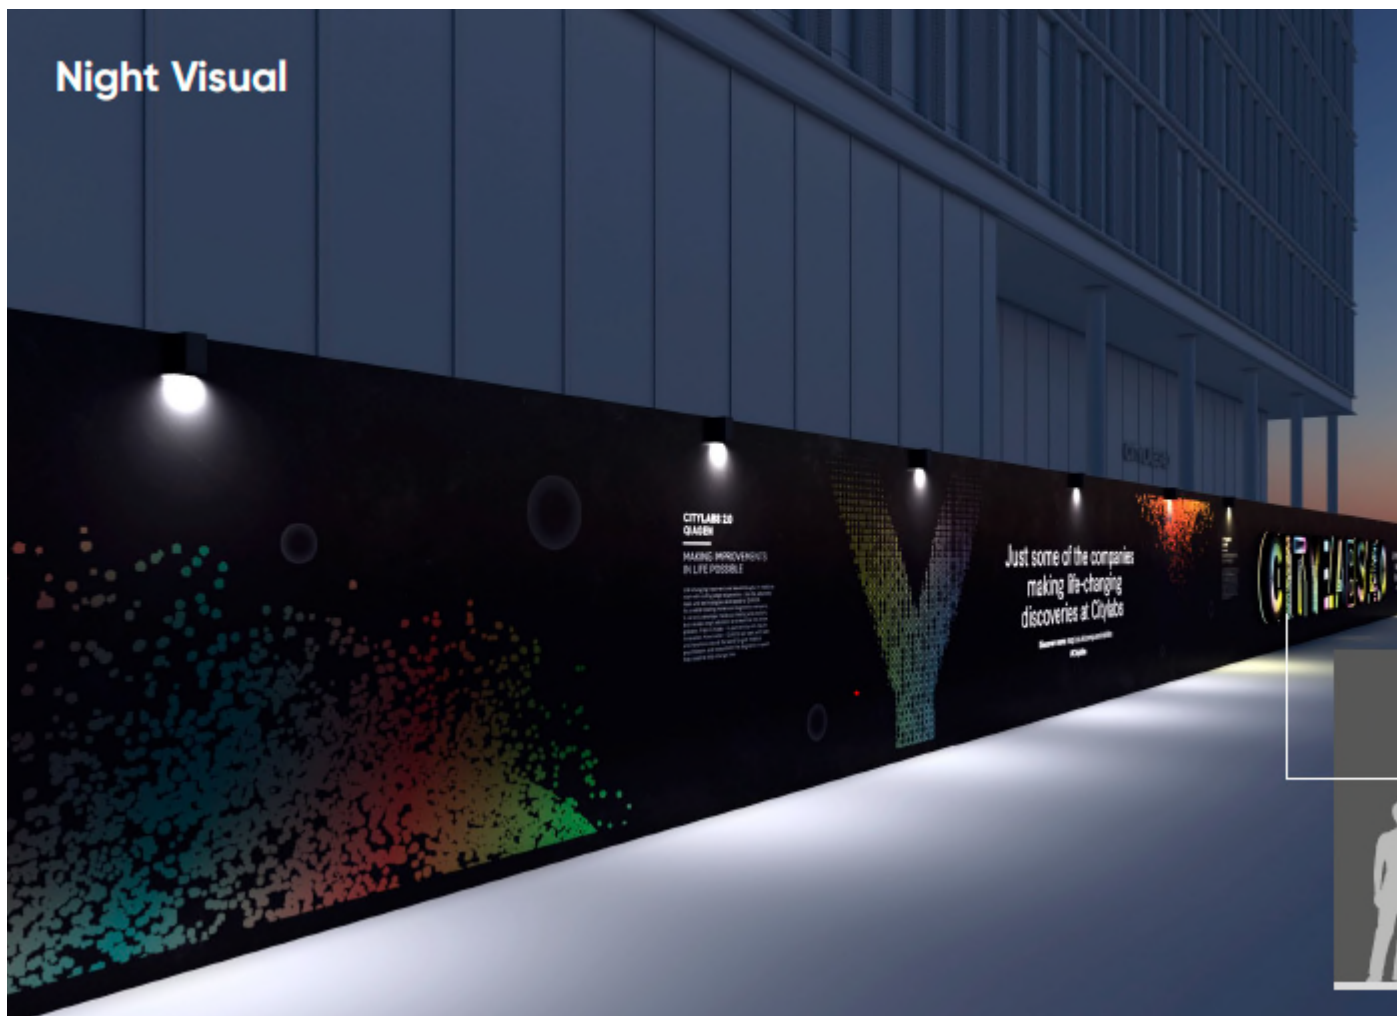

It is about to start on site and whilst the client - Bruntwood have agreed the necessary footway closures for the hoarding and construction, they have a query about illumination of the hoarding.

The hoarding will be hard against the carriageway edge (front of footway) and they would like some lighting on the hoarding. This would consist of small lights to illuminate the hoarding but also the word Citylabs would be illuminated.

I have attached a couple of images below:

Night Visual

For clarity, the luminance levels will not exceed 452 and there are no side roads directly opposite.

We assume this is acceptable but would welcome your comments?

Many thanks

Alex
