Good morning, John,

136729/TPO/2023 - 39 Toddbrook Close Manchester M20 1NB

The applicant has proposed to carry out the following work:

T1 - Lime - Reduce and/or remove crown sections/trees as needed, as detailed below: Reduce side lateral branches by approximately 1.25 metres. Large large on the property side of the tree reduce in length by 2.5 metres to stop this growing out of the crown. Remove two low stumpy limbs where this does not remove the screening offered by the lower crown. Remove all epicormic growth off the trunk and 1 metre out from the main forks. Reason :- To control the overall size of the tree due to its position close to the property.

I can confirm that we would have no objection to the proposed routine tree work.

Kind regards

Rudi Farghaly
