0.43m ² has been provided per apartment for the container space. Space to manoeuvre and access containers individually has also been provided so that each container can be accessed and removed for collection individually.	The proposal seeks to provide 1 self contained flat and a 8 bedroom House in Multiple Occupation. The calculation has therefore been undertaken based on 9 units. 0.43 x 9 = 3.87sqm of space required 1 x 1100 litre for general waste (occupies around 1.8sqm space), in addition to 1 x 240 litre bin each for mixed recycling, food waste and mixed recycling occupying the remainder
