Dear Sirs,

Rutherford House TE, 34 George Street, Manchester M1 4HA,

Please find enclosed a completed application for regarding the replacement of 3 windows with acoustic louvres and the above address.

The application includes:

- Completed Application Form
- Existing and Proposed Elevations
- Noise Impact Assessment

Due to the location of the telephone exchange, a full acoustic assessment has been undertaken to support this application, and its recommendations followed in relation to the specification of the proposed louvres.

The proposals within this application are part of urgent required upgrade works to the telephone exchange which will to enable increased high-speed broadband to the vast area the telephone exchange supports.

Should you require any further information or wish to discuss the proposals, please do not hesitate to contact me on 020 8309 2687 or james.forster@frankham.com.

Yours Sincerely,

James Forster
