VF Machester Express

DESCRIPTION
Category B internal fit out to provide No 5 showroom spaces for 5 different Brands teams of the VF Corporation Group (Vans, The North Face, Timberland, Napapijri and Altra) a co-working office space with hot desking facilities and a large meeting room with additional amenities for the staff welfare.
To preserve the full visibility of the listed concrete columns, the internal lightweight partitions will be installed by alternating a mix of fully glazed sections with some drywall sections required to provide fixing points for the showrooms shelving units.

Disclaimer:
All dimensions given in good faith and believed to be correct.
All measurements to be verified for accuracy after the stripout and prior to creating Construction Phase drawings.
Contractors please always verify measurements prior to starting work. Do not scale off this drawing.
If in doubt please consult the Surveyor or the PM in charge.
No responsibility can be taken for any errors found by measuring off these drawings.

CLIENT NAME
VF Corporation

PROJECT NAME
VF Machester Express

DESCRIPTION
Category B internal fit out to provide No 5 showroom spaces for 5 different Brands teams of the VF Corporation Group (Vans, The North Face, Timberland, Napapijri and Altra) a co-working office space with hot desking facilities and a large meeting room with additional amenities for the staff welfare.
To preserve the full visibility of the listed concrete columns, the internal lightweight partitions will be installed by alternating a mix of fully glazed sections with some drywall sections required to provide fixing points for the showrooms shelving units.
