Details of the pre-application advice received

We pursued the pre application advice route to discuss the scheme and proposal with our case officer, Carl Glennon. We put together a feasibility study for his consideration and worked together to work up a scheme where Carl was more comfortable as a preliminary design proposal. The core design elements had been addressed regarding heights and relationship to adjacent properties and then agreed to progress onto the planning submission.

Initially, we looked to produce blocks of apartments. After consultation with Carl and senior officers, it was concluded that apartments blocks would not be suitable for site. It was far more favourable to see dwellings on this particular site.

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
