

All dimensions to be checked on site prior to the commencement of works.

Any drains passing under building to be exposed & encased in 150mm conc.

A line drawing of a house with a gabled roof. The roof is divided into two sections: a gabled section on the left with horizontal hatching, and a lower-pitched section on the right. A curved arrow on the right side of the house indicates a slope of 12°. The house has a chimney on the left side and a small rectangular window on the front wall. The entire drawing is set against a light gray background.
