John,

25 Meadow Bank Manchester M21 8EF - 136160/TCA/2023

The applicant has proposed to carry out the following pruning work:

Works to tree - proposed removal of a large Cunninghamia lanceolata in rear garden

I can confirm that I have met with the customer and discussed the proposed removal and would have no objections, however, the height of this tree is unusual for this part of the country and so I asked Joe Walsh to check the records for the Lancashire champion for height and it would appear that the tallest known specimen in Lancashire is 8m tall and is in Wythenshawe park.

I believe that the tree proposed for removal is taller than this at roughly 9-10m tall and it was my hope that although we are not going to object to the tree's removal, the customer might be persuaded to keep the tree based on its tallest tree status.

There is no pressure on the customer, as she planted the tree and knows how unusual it is.

Kind regards

Rudi Farghaly
