Some people who received this message don't often get email from stephen.downey@glhearn.com. [Learn why this is important](#)

I am a resident of 22 Cranmer Rd and wish to object to the above planning application.

My main reason for my objection is the siting and location of the mast is in a residential and built up area and the fact the pavement where this is proposed will make it narrower and will create a hazard . It is a footpath that is intensively used by people visiting Fog Lane park , a location where people are encouraged to use to cross this busy road where speed humps have been installed and importantly used by parents and children going to Beaver Rd School morning and afternoons. The foot path is used by parents with buggies , children with small bikes and dog walkers at these peak times.

It is a solely inappropriate location and there must surely be other locations that will not have the same detrimental impact on the local community . I also understand the developer identified Catterick Road as their preferred location almost half a mile away which questions why is Fog Lane now being selected.

I can only hope that for these reasons and no doubt other relevant reasons the Council refuse this application.

Thank you . Stephen & Frances Downey
