Comment Reasons:

Comment: I agree that this type of supermarket provision is very much needed in Chorlton but the location is completely wrong. The increase in traffic will negatively impact neighbouring property, could cause more risk to travelling school children in the immediate area (I live off Sandy Lane and have children that go to both Chorlton High and Chorlton Park primary). There will also without doubt be an increase in pollution in the immediate area which will again negatively impact pedestrians (particularly school children) as well as cyclists. Another location has to be considered.
