

# Environmental Statement – Volume 2: Main Text

## List of Figures

| Chapter 1: Introduction             |   |                                                                                            |
|-------------------------------------|---|--------------------------------------------------------------------------------------------|
| <b>Figure 1.1</b>                   | - | Application 4 Site Location Plan                                                           |
| <b>Figure 1.2</b>                   | - | Application 5 Site Location Plan                                                           |
| Chapter 2: Approach                 |   |                                                                                            |
| <b>Figure 2.1</b>                   | - | Indication of the Initial Development Area in the Context of the Victoria North Initiative |
| <b>Figure 2.2</b>                   | - | Timeline of Planning Application Submissions for Red Bank                                  |
| <b>Figure 2.3</b>                   | - | Map of Cumulative Schemes ‘Scoped-into’ the CEA                                            |
| Chapter 3: Site Description         |   |                                                                                            |
| <b>Figure 3.1</b>                   | - | Areas within the Red Bank Neighbourhood                                                    |
| Chapter 5: The Proposed Development |   |                                                                                            |
| <b>Figure 5.1</b>                   | - | Application 5 – Proposed Site Plan                                                         |
| <b>Figure 5.2</b>                   | - | NT02 and NT03 – Elevation 1 (North / Dantzic Street and East / Dulwich Street)             |
| <b>Figure 5.3</b>                   | - | NT02 and NT03 – Elevation 2 (South / Dulwich Street and West / Travis Square)              |
| <b>Figure 5.4</b>                   | - | NT04 – Elevation 1 (Travis Square and Dantzic Street)                                      |
| <b>Figure 5.5</b>                   | - | NT04 – Elevation 2 (Dalton Street and Dulwich Street)                                      |
| <b>Figure 5.6</b>                   | - | Building Heights Across Application 5 (NT02-04)                                            |
| <b>Figure 5.7</b>                   | - | NT02 and NT03 – Building Material and Colour Choice                                        |
| <b>Figure 5.8</b>                   | - | NT024 – Building Material and Colour Choice                                                |
| <b>Figure 5.9</b>                   | - | Application 5 – General Arrangement Site Wide Public Realm                                 |
| <b>Figure 5.10</b>                  | - | Outline Lighting Strategy for Application 4                                                |
| <b>Figure 5.11</b>                  | - | Application 5 – Vehicle Movement Plan                                                      |
| <b>Figure 5.12</b>                  | - | Proposed Junction Layout Lord Street / Red Bank / Roger Street                             |
| <b>Figure 5.13</b>                  | - | Anticipated Phasing Delivery Plan                                                          |
| <b>Figure 5.14</b>                  | - | Demolition Plan                                                                            |
| <b>Figure 5.15</b>                  | - | Retaining Wall Plan View and Cross Section                                                 |
| Chapter 6: Townscape and Visual     |   |                                                                                            |
| <b>Figure 6.1</b>                   | - | TVIA Study Area                                                                            |
| <b>Figure 6.2</b>                   | - | Townscape Designations                                                                     |
| <b>Figure 6.3</b>                   | - | Townscape Character                                                                        |
| <b>Figure 6.4</b>                   | - | Views and Visual Receptors                                                                 |
| <b>Figure 6.5</b>                   | - | Cumulative Developments                                                                    |
| <b>Figure 6.6</b>                   | - | ZTV – Red Bank Neighbourhood Outline Application (Application 4)                           |
