Comment Reasons:

Comment: I am so in favour of introducing a Lidl supermarket to our area - this will really help local families to get affordable groceries without having to travel far.

Options within walking distance are currently the Co-op, Marks and Spencers and Tesco - all of which are tiny and expensive. Having a Lidl in the middle of our community would mean less families need to use their cars/transport to do a weekly shop; it really would be such an asset to the area.
