Comment Reasons:

Comment: On the grounds of safety concerns giving the proximity to local schools - my son attends Chorlton High. Parents are not allowed to drop their children near the school gates, as it's considered a safety risk. Therefore building a huge store and car park almost on school grounds is surely too great a risk.

School finish times already have to be staggered because of the volume of traffic in this area. Sandy Lane and other surrounding streets are already overloaded with traffic and this will increase this.

I'm also concerned about groups of children congregating in that area after school.

It's such a shame the space couldn't be put to a more positive use that would benefit the local community. Hough End hall is hidden away amongst the awful buildings and it could've been an opportunity to return it to its former glory with a garden etc.
