Description

Please describe details of the proposed development or works including any change of use

My client are looking to propose a change of use application from Shop to Sui Genres Takeaway and restaurant. To avoid any noise from the running of the business we will be sound proofing the ceiling to reduce the noise. Externally we are looking to paint the brick in black to give the pizza shop character which will not be protruding. The existing shutters will be powder coated in black. To mitigate litter which is caused by the nature of business we will have a litter and waste management plan. The client will appoint a commercial waste company to deal with business waste. An extraction and a pizza oven will be installed there. Majority the business would be Takeaway therefore less noise which will not effect neighbouring occupiers. The business will bring in employment to the area and enhance the area. Any issue or changes that need to be made please liase with Tuedge so we can come to and agreement and hopefully an approval.
