Stance: Customer made comments neither objecting to or supporting the Planning Application

Comment Reasons:

Comment: I do support the proposal - this will be a much needed asset to the community.

However, I would like to see more commitments made to mitigating the impact on the local neighbourhood and environment.

- traffic calming measures on neighbouring residential roads. Sandy Lane recently campaigned for safer roads and I would like to see this revisited
- more electric vehicle designated spaces
- bike lanes put in around the nearby roads
- ample bike parking on site
- tree planting to reduce environmental impact / pollution
