Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment:I feel very strongly about ehete the entrances have been kept to the development on Laindon Road Side.I live on Kedleston Avenue which is directly opposite to one of the entrances on the plan. This is going to cause lots traffic coming in and out of the Development all day and all night, Can you please have this entrance moved to somewhere opposite to a point which is between Kedleston Avenue and Argyle Avenue.So that entrance is not facing any Street directly.I even went to the cosultation event with few neighbours and raised this but it was taken with a pinch of salt by the organisers.

The whole development is gping to impact pollution, noise, influs of more people and crime depending who the properties are sold or tenanted to.It seems its all approved and dusted and our comments dont really mean much.

Sorry for taking your time .

Kind Regards
